An Interactive Session with Students and Parents: Opportunities about Jobs, Internship & Skill Development

28th August 2020

The first Stakeholder Development Programme of the college was organized by the Career Opportunity Cell on 28th August 2020. It was an interactive session of the students & their parents with the principal of our college, Prof. Swati Pal on “**Opportunities about Jobs, Internship & Skill Development**”. The session was held online on Zoom. In the session, both the students and parents were oriented about the benefits of courses for skill enhancement and internship opportunities that the college offers on a regular basis. The student coordinators of the Cell gave a brief about all the events, placements and internships that took place in the college (including those that were held online during the period of lockdown). The doubts of the students were effectively handled by the principal and the convenor of the Cell, Dr Poonam Bewtra. The session was attended by about 100 students & parents and was very informative & enlightening.
