Aditya Krishna
Chairman
Shri Banarsidas Chandiwala
Sewa Smarak Trust Society

Message

First as the great grandson of Smt. Janki Devi and then as the Chairman of Shri. Banarsidas Chandiwala Sewa Smarak Trust Society, I wish to offer my sincere felicitation to the Janki Devi Memorial College, its staff and students on completing 60 years.

The hot topic today is Women Empowerment. Our women are excelling in all fields of life. We have women professors, politicians, bankers and heads of large corporations. As we all know the secret to this empowerment lies in education and that is what Janki Devi Memorial College has been doing for the last 60 years. The college's contribution is especially praiseworthy because it has educated girls from families where education was not considered important. It has taught these girls, who could not think beyond marriage, to believe in themselves. It has made them confident to stand on their own feet. These first generation educated girls are making waves by becoming lecturers, bankers, computer engineers and sportswomen. I feel confident that Janki Devi Memorial College will continue to give this kind of meaningful education to our girls so that they are able to fulfill their dreams.

I admire the selfless and tireless efforts of the Principal of the College, the teachers and the college administrators whose collective contribution has helped shape the goals and dreams of coming generations.

Please keep up the good work and I wish you all a happy and safe journey ahead!
With best wishes,

Aditya Krishna

Chief Guest

Message

I am pleased to know that Janki Devi Memorial College is celebrating its Diamond Jubilee this year. On this occasion, we fondly remember its founder ***Shri. Brij Krishan Chandiwala Ji, a noted Gandhian***, who established this college in the memory of his mother Smt. Janki Devi way back in 1959 to promote women's education. It is heartening to see that the college has been aligning its priorities in line with the changing global scenario in keeping with its objectives. The college at present is excelling in all domains including academics, culture, skill development and sports leading to holistic development of the students.

Diamond Jubilee is an important milestone in the journey of an institution and gives the institution an opportunity to pause and reflect upon its achievements in the past and to decide its priorities for the future. I am sure the institution while collaborating its grand success of the past will strive harder to make its future a **"Bigger Success Story"**.

I would like to congratulate the Governing Body, the Principal, the Staff and the Students of Janki Devi Memorial College for aptly performing its role of empowering women through education in a befitting manner and wish them success for all their future endeavors.

With Best Wishes,

Dr. (Mrs.) Pankaj Mittal
(Former Vice Chancellor, BPS Women University, Haryana)
Secretary General, Association of Indian Universities

Message

It gives me great pleasure to note that Janki Devi Memorial College is celebrating its Diamond Jubilee this year. A premier women's college of the University of Delhi, it plays an important role in the empowerment of women in a safe and nurturing environment. The impact of the college is due to the high-quality holistic education it imparts, its emphasis on all round development. Truly a college of free India, it has given the nation generations of independent women. I wish the college continued success in its mission to contribute to the strengthening of modern India, to create an equitable and sustainable world.

In Memorium

Shri. T.N. Chaturvedi

(18 January 1929 – 5 January 2020)

My association with Shri. T.N. Chaturvedi dates back to 1950 when I was a student of Allahabad University and when he got married to the daughter of my local guardian Prof. R.N. Dubey, Head of Department of Geography. After many years when I met him at his son's wedding, he joked that I not only arranged his marriage but also his son's.

Shri. Chaturvedi became a member of the College Governing Body in 1985 on my request. After a short stint of 3 years he left to become Comptroller and Auditor General of India and then Governor of Karnataka. Once again after retirement he acceded to my request to become Chairman of our Governing Body, very magnanimously he told me that he would not mind remaining a member if I stayed the Chairman. However as the Chairman of our Governing Body he guided the College through many difficulties. He was humble, fair minded and conscientious. He showed complete trust and confidence in me by nominating me to head every selection and promotional committee. In his passing away, college has lost a mentor and I a dear friend who always helped me in my personal life.

Shri. T.N. Chaturvedi

(18 January 1929 – 5 January 2020)

We in JDMC were fortunate to have a mentor and guide in Shri. TN Chaturvedi, Former Comptroller and Auditor General of India and Governor of Karnataka. As the Chairman of Janki Devi Memorial College, he advised us and showed us the path ahead. During my tenure as Principal of the College, he supported all my endeavors to help College achieve new heights. An extremely modest, thoughtful person, he counseled me to be kind and compassionate and to do what was right. His values will continue to inspire me in my life.

Great souls never die .They live on forever.

A Tribute to Dr. Savitri Khanna

The passing away of Mrs. Khanna marks the end of an era of the English Department as we knew it. Her warmth and generosity won her many friends across departments and among the non -teaching staff. Honest and outspoken, she lived life on her own terms and with no regrets. She will be fondly remembered for her zest for life.

Ms. Geeta Wadhwa, (Retd.) Department of English

As a fellow-resident of the Staff Flats, Mrs. Khanna would always welcome whoever came to visit her. Though I wasn't much able to participate in them, her "Gup-Shup" sessions provided an interesting experience for some of the residents to pass their time. Though she was 90+, she came (with her daughter and nurse) to our Retired Teachers' Association Meeting in response to our invitation. Though she didn't speak much, she looked almost the same as she did when she retired from the College. I thought she'd be around for many more years but, unfortunately, that was the last time I saw her.

Ms. Fernandes, (Retd.) Department of Economics

remember Mrs. Khanna as a very good, jovial and full of life person. She taught me only for one term and was very friendly and kind. She used to take keen interest in DUTA activities. She was very active in staff association and staff council meetings and vocal about various issues. I saw and met her last when she came for the retired teachers meeting. Even at the age of late eighties, she was her usual self smiling and laughing.

May her soul rest in peace!

Mrs. Nirmal Ahluwalia, (Retd.) Department of Economics

हमारे हिन्दी विभाग की वरिष्ठ प्राध्यापिका, सुश्री मौनिका कपूर का इस वर्ष असामयिक देहावसान हो गया। वे बहुत समय से मानसिक व शारीरिक जटिलताओं से जूझ रही थीं और अपने सहकर्मियों के संपर्क में भी नहीं थीं। ईश्वर उनकी आत्मा को शांति प्रदान करें। जानकी देवी परिवार उनके प्रति हार्दिक श्रद्धांजलि अर्पित करता है।

A Tribute to Dr. Krishna Jain

Dr. Krishna Jain was a committed and gifted teacher and an invaluable member of the Philosophy Department of Janki Devi College, who left for her heavenly abode on November 12, 2019. She joined the college when it was very young and was known by the name Janki Devi Mahila Mahavidyalaya. It was Dr. Jain's single-minded dedication and concentrated hard work from day one of joining, that gave a secure foundation to the department of Philosophy and made it a popular destination for many young women seeking education in a Delhi University college.

Krishna Jain had a passion for teaching and her grip on Logic, a subject that was close to her heart, was formidable. She had an unmatched ability to inspire the students and fan their interest in Logic and they performed fabulously in her subject year after year.

She was a dearly loved colleague and taught each one of us the importance of working as a team and keeping the department flock closely knit. She was gentle yet forthright, setting standards that the rest of us were eager to follow. Her loyalty to the department and the college was fierce.

Krishna was much admired by friends and family and all her colleagues across departments. The confidence and enormous positive energy that she exuded her habit of embracing life fully and enthusiastically, and her infectious laughter filled everyone's heart with good cheer. She was a pillar of strength for her loving husband and son, and proved to be a wonderful grandmother to two adorable girls.

Dr. Jain combined her teaching skills with a sound knowledge of college administration which she put to good use as she rose in seniority and was called upon to fill in as acting principal on occasions when the head of the Institution was away from office. Being gentle and wise in her dealings with the office staff she won their hearts and trust.

Dr. Jain had worked hard to make the NSS chapter of JDMC perform at a very high level. It was prophetic that one of her sustained efforts under NSS was to regularly register our students for participation in the Marathon Run for Cancer awareness, a disease that would one day snatch her away from our midst so rudely. Yet her enthusiasm for the subject and her faith in its power to transform hearts and mind scarcely dimmed during the entire one year that she battled cancer. From her hospital bed, speaking from behind a heavy surgical mask, in her usual animated and firm voice she spoke her last words to her erstwhile colleagues; clutching the hands of one of them she said– “we must hold a philosophy lecture for the hospital staff”!

Dr. Krishna Jain will be deeply missed.

Founder of the College

Shri Brij Krishan Chandiwala
(1900 - 1986)

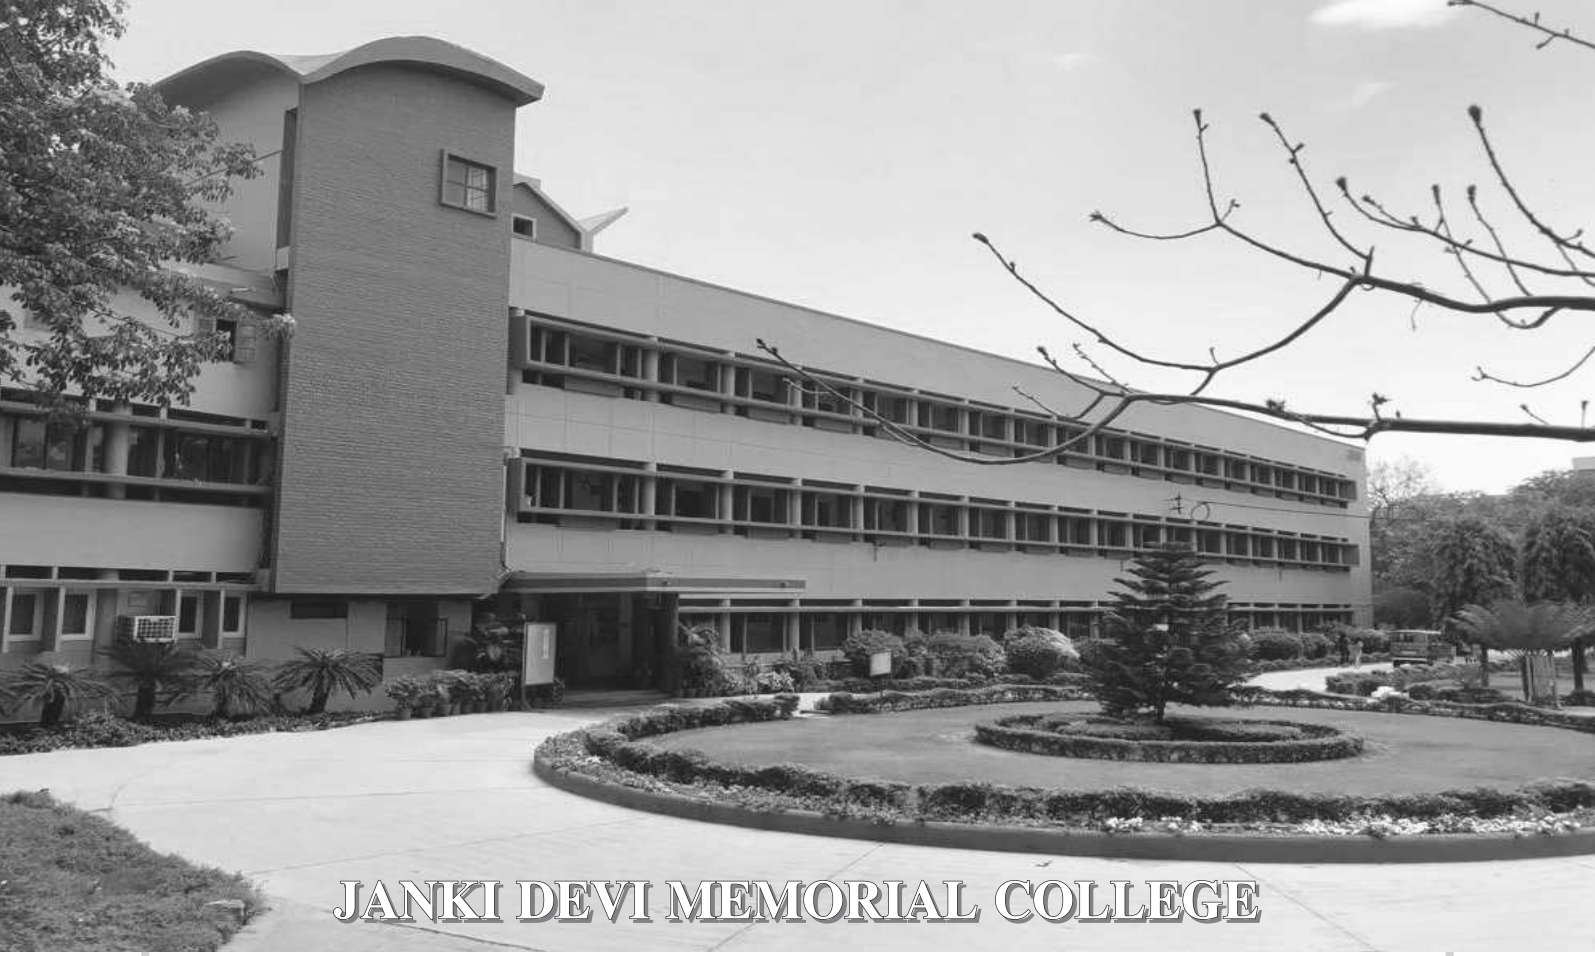

Shri Brij Krishan Chandiwala, the founder of Janki Devi Memorial College was born in 1900 in a reputed family. As the third son of a flourishing silver merchant's family, there were no domestic pressures on him to join the family business. After the early demise of his wife, he joined the freedom movement led by Gandhiji. His mother's entreaties to remarry fell on deaf ears. Brij Krishanji became a true disciple of Gandhiji. He went to jail several times during the freedom movement. When Gandhiji started the agitation against the Salt Law, Brij Krishanji took an oath to give up salt and sugar for life. He was forced to break this vow in the last days of his life on health grounds.

At Gandhiji's behest he had a prayer temple built in a Harijan Colony. He started the Delhi chapter of the Bharat Sewak Samaj, an organization for the upliftment of the downtrodden.

In 1959, Shri VKRV Rao, the then Vice-Chancellor of Delhi University appealed to the wealthy philanthropists of the city to come forward to open girls colleges in Delhi. It was then, that Brij Krishanji who had no children donated all his inherited wealth to the family trust Shri Banarsidas Chandiwala Sewa Smarak Society which in turn funded the establishment of Janki Devi Memorial College in memory of his late mother Smt. Janki Devi.

Today Brij Krishanji is remembered for his social service and closeness to Gandhiji. When Nathuram Godse fired that fatal shot, Bapu fell into the arms of Brij Krishanji who was sitting right behind him. Till his very end this great visionary remained our mentor and guide.

JANKI DEVI MEMORIAL COLLEGE

THE COLLEGE

Janki Devi Memorial College aims to provide quality education to young women and empower them to become economically self- reliant, have the confidence to face the vicissitudes of a challenging society as well as contribute meaningfully to the world at large. It is one of the most distinctive institutions of the University of Delhi. With its lush green lawns and imposing building, the college is like an oasis in the midst of a busy commercial area. It was founded in 1959 by the famous Gandhian Shri. Brij Krishan Chandiwala in memory of his mother Smt. Janki Devi.

The college offers education in liberal arts, social sciences, Mathematics and Commerce. The college moves beyond the curriculum and offers short-term add- on courses. This academic session, the college offered three add on courses and two certificate courses. The Department of Commerce offered a course on Computerised Accounting Software- Tally ERP 9; the Department of Economics offered two add on courses, one in collaboration with the NSE on Certified Capital Market Professional and the other on Unlocking Development Finance; the Department of History in collaboration with the Department of Adult Continuing Education and Extension(DACEE) offered a three month add on certificate course on Travel and Tourism; and the Department of Philosophy launched a Yoga Certificate Course with Certification form the Ministry of Ayush. In addition to the above, the Janki Devi Vocational Centre offers full and part time courses such as Home Management, Cookery, Textile, Fashion Designing and Commercial Art.

JDMC boasts of a well-equipped and well stocked library with more than 90 thousand books and subscriptions to 69 (National and International) journals/magazines catering to the needs of students pursuing different courses and 11 newspapers (English and Hindi). The library has an air-conditioned reading hall and stack room. Our library is fully computerized using Web based Libsys Software (an integrated Library management system), where all the housekeeping jobs are performed through this software. The database of books and journals available is updated on day-to-day basis and several

terminals are provided for students and teachers to search online documents. Internet access is also provided to the users. The library has 25 laptops with internet where members access to E-resources. All this is provided in attractive and comfortable conditions with adequate lighting and air conditioning. We are also sensitive to the needs of our visually challenged users. To provide them equal access, the library has installed a screen reading software NVDA. We also arrange Braille books and talking books. We are one of the few colleges to hold a Library Festival marked by various competitive events related to books and also talks by luminaries.

Apart from providing all stakeholders: students, faculty and non teaching staff, with a motivational and pleasing environment, the college offers great facilities and infrastructure to create a holistic atmosphere for the pursuit of academic and extra-curricular activities and a well- regulated administration. To achieve these this ends, the college has a well-designed office block, a union room, a beautiful common room, a clean and spacious medical room with such facilities as a sanitary napkin vending machine, photo-copying facilities, a comfortable staff room, individual departmental rooms, seminar hall, committee room, computer labs, the sports infrastructure, a large and modern cafeteria and an open air auditorium, and two research rooms for teachers, one of which is in the Library and was inaugurated in this session.

The College continually endeavors to improve existing infrastructural facilities and recently installed multimedia set ups in a few classrooms. Additional activity rooms above the Music rooms and a pantry in the staff room, an open gymnasium at the end of the hockey field, a new road adjacent to the field and some repair and reconstruction work were the additional infrastructural developments of the academic session.

We are proud to have a beautiful hostel for 105 outstation students that has been made functional since the previous academic session. It was inaugurated by the Hon'ble Former President of India, Shri Pranab Mukherjee in the presence of the Vice Chancellor, University of Delhi, Prof. Yogesh Tyagi.

Our college also has the distinction of being one of the few to have a disabled friendly environment, with ramps, toilets and lift that cater to specific needs as well as an assistance system for the visually challenged students' and faculty. We have Braille signage as well as tactile surfaces present all along the college and the former was sponsored by the Alumnae Association.

Our founder, Bhai ji, built this college with the single minded aim of empowering women, especially from the margins. In the past, JDMC has actively encouraged such projects as a project on Women Entrepreneurship and Support Training (WEST) undertaken by the college with the support of the Netherlands Embassy and the ECORYS, knowledge partner of the Netherlands government, in 2014. The Career and Counseling Cell or Placement cell as it is known in common parlance, has always been committed to providing placements and internships to JDMC students, relentlessly pursuing the job market for prospective jobs.

The Women's Development Centre, National Cadet Corps, National Service Scheme and the Gandhi Study Circle provide an opportunity to our students to engage with social issues like legal literacy, women's health and empowerment and adult education. The College recognizes the need for students to make informed choices and to be aware of all that happens in the larger world. The International and national Seminars, talks on contemporary issues held by practically all departments through the academic session, provide the right kind of intellectual impetus for students to analyse and evaluate critically.

Academic rigor is maintained in college through tutorials, preceptorials and presentations under the CBCS which are taken very seriously along with the tutor-ward/contact/counselling programmes which help keep a finger on the pulse of the students. The College is genuinely concerned about students who

face academic challenges. We have been holding regular remedial classes every semester so that students with academic problems can benefit from them. Economically challenged students too benefit greatly through measures taken by the Equal Opportunities Cell such as the free meal for the students. We have also embarked upon a mentor -mentee system this academic session and indeed this will be yet another platform for students to receive personalized guidance from their teacher mentors.

An extremely important development has been the tremendous impetus given to Research this academic session. As many as 50 teacher mentored projects by students and 7 new faculty research projects were taken up. This is a wonderful achievement and will surely pave the way to greater academic enquiry and critical thinking in the years to come.

The college is concerned about not just the intellectual and academic growth of its students but also the mental health of all who are a part of the JDMC family. So, the academic session has seen the college making more efforts to provide dedicated counseling services through a part time counselor, Sania Bedi as well as dedicated workshops for counseling students every month by Zyego, a wellness agency. Two years into counseling, we are pleased to note that students, teachers and non teaching staff have been making use of this facility and do find it meaningful.

Besides bagging university positions in different disciplines every year, the college also strikes a fine balance between the academic and co-curricular. The Physical Education Department has won the Award for Best College in Football (women) by Football Delhi. The department is extremely active and provides training in all the sports. The NCC has proved to be a force to reckon with and won the National Achievers Award for Best College in NCC (Women) by the NCC Alumni Club of Delhi. NCC Cadets have been part of the Republic Day parade as well as have brought home many laurels for Best Cadet and Best Drill category among others. Students from the JDMC-NCC have also started making an entry into the Forces! The NSS students too have undertaken a large number of social service activities and have also held the first ever inter college NSS Festival this academic session. The Annual Inter-college Festival 'Symphony' and societies such as the Shakespeare Society: Bardolators, Dance Societies (Indian Classical, Folk and Western), Debating (English and Hindi), Street theatre Society, Music (Indian and western), Film, Photography, Garden, Creative Writing, Finance and investment, Quiz, the Gandhi Study Circle, the Womens' Development Centre, Kalakriti- the arts society, Entrepreneurship, and Environment Clubs offer a wide forum for the expression of the creativity and talents of the students. Every department also has its own association that conducts interesting events, both academic as well as creative, all through the academic session.

JDMC believes that the curriculum and the text book is not the only way to gain knowledge or to progress. Departments such as HDFE have been exemplary in the way that they have worked relentlessly to gain knowledge about such uncharted territories as retinoblastoma and the stellar work that they have done to promote sensitisation about the same. The English Department too has worked hard to develop greater awareness and understanding about Breast Cancer. Students of JDMC along with their enthusiastic teacher mentors have been very proactive in engaging with various programmes proposed by the MHRD or the University.

Our college gardens never fail to fetch admiring glances from visitors. This year JDMC won eight prizes at the Annual Flower Show and Garden competition held by the University including the Jagrani Devi Memorial Cup. It is worth mentioning at this point, that ours was the first college to install a rain water harvesting system which has been rated as one of the best in Delhi by the Centre for Science and Environment and has won the Chief Ministers prize for Institutional Rain Water Harvesting. In keeping with our mission of recognizing our responsibility towards the environment, the college has an active environment programme which covers rain water harvesting, recycling, composting, solar lighting, CFL conversion, and campaigning for a tobacco free zone. We have installed a solar power grid of 88 KW in

collaboration with Azure Solar Power Ltd. The Hostel has been provided with solar water heaters. We have also completed our tree audit and well on the way to complete our flora and fauna audit.

At Janki Devi Memorial College, we provide students every opportunity to express themselves. The annual College Magazine, Janki, is a brilliant space for students to express their perspectives on a wide range of issues through varying literary styles in English, Hindi and Sanskrit. There are also Departmental Magazines such as Ecogene which is run by the Economics Department and, Speculo, by the Political Science Department.

On August 1, 2019, Janki Devi Memorial College completed 60 years since its foundation. As part of the Jubilee year commemorative events, the college undertook several activities and events. A special logo was designed through a competition held for students. A Distinguished Speaker series was conducted launched by the Vice President of India, Shri Venkaiah Naidu and luminaries like Raja and Radha Reddy, Irfan Habib, Keki Daruwalla, Jairam Ramesh were among the fifty eminent personalities who delivered lectures. A translation of the book 'Dilli ki khoj' by our Founder, Bhaiji, was undertaken from Hindi to English. A beautiful coffee table book documenting the history of the college over the last six decades is in the last stages of creation. The annual magazine, Janki was a special issue that looked at the world in the context of historical landmarks over the last sixty years, thus putting Janki Devi Memorial College in the context of global history. A short film that showcases the history of the college was created. Many Jubilee souvenirs and mementos were made available for purchase as keepsakes for the landmark year. A flash mob, diaries to mark the 60th year and the conceptualization for an e journal were some of the other activities that were special to this Jubilee year. It has been an unforgettable celebration.

Time and again, the college has proved to be resilient in the face of many challenges. At a time when the entire world is dealing with the pandemic COVID 19, the college once again proved that it was quite capable of handling the most difficult of circumstances. Teaching learning, examinations and assessment have been meticulously carried out through online platforms by the dedicated faculty. The college has been kept clean and green with a skeletal staff of gardeners and cleaners who are committed to taking care that the college stays a safe space. Every effort has been made to create a sanitized environment by adopting sanitization techniques and following rules and regulations of social distancing. The administrative, accounts and library staff along with all other non teaching staff have been conscientious in fulfilling their duties even while being careful about social distancing and sanitization norms. Activities and events of the college have been taking place virtually and the webinars held by the college have received much acclaim. A sense of social responsibility has prevailed and the college has not only made a contribution to the PM CARE fund but the Alumnae Association has also been instrumental in providing rations to the underprivileged in the college neighborhood; many have made efforts to help at the individual level.

We will surely continue to sparkle with the courage and fortitude of a young sixty year old institution and we will persist on the path of excellence, despite all odds.

PRINCIPAL'S ANNUAL REPORT 2019-2020

Good morning. Distinguished guests, faculty members including those retired, non-teaching staff, friends and our wonderful students, I am extremely pleased to welcome one and all to the conclusion of this Diamond Jubilee academic session of Janki Devi Memorial College which has been eventful, exciting and stimulating.

It is my privilege to welcome Dr. Kusum Krishna who is presiding over the event. Dr. Krishna's sustained involvement with the college is one that we are all very grateful for. I would also like to put on record my appreciation for the constant support and encouragement given to us by Mr. Aditya Krishna, Chairman, Shri. Banarsidas Chandiwala Sewa Smarak Trust Society.

I am delighted to welcome our Chief Guest, Dr. Pankaj Mittal, Secretary General of the Association of Indian Universities (AIU) and our Guest of Honour, Prof. GJV Prasad, Centre for English Studies, JNU. We are proud to have you both in our midst. You bring with you a wealth of learning and experience and we are truly glad that you are with us to celebrate our achievements on the occasion of our Annual Day.

Before we look back at the session and take stock of all our accomplishments, let us remember Shri. TN Chaturvedi who had been the Chairman of the Governing Body of this college for ten years and left for his heavenly abode on January 5, 2020. A man of immense administrative experience, Shri TN Chaturvedi was both upright as well as compassionate in all his judgments. A man worthy of emulation. We remember also with love and admiration our dear colleague, Dr. Krishna Jain of the Philosophy Department who was not only a dedicated teacher but one who often served the college as Acting Principal and proved to be a calm and collected administrator. It has indeed been a year of loss for the college as we also lost Dr. Savitri Khanna and Ms. Monica Kapoor, former faculty members of the college. Tending the gardens and lawns of the college for years was Shri. Ram Asrey and a benign presence in college was Shri. Jot Singh; we lost both in recent times. We pray that the souls of all departed rest in peace.

The academic session has been packed with events and much has been achieved keeping in sync with our theme for the year: *The Cutting Edge*. As an institution of learning, we have genuinely endeavored to be the cutting edge in all domains of collegiate life. I am proud to announce that the academic session has seen a very meaningful academic development which has taken the form of Student Teacher Research Projects. In September 2019, a new initiative was taken by the research committee to encourage the students to conduct research with faculty members as their mentors. These projects were carried by faculty members who are responsive to the needs of learners in both local and global contexts and train the students to conduct research. The proposals were reviewed by the experts in the field, who gave valuable feedback, on the basis of which departments commenced on their research projects. In total 50 research proposals were approved with the involvement of 1560 students. Two workshops were organized to acquaint all concerned with the techniques and tools of research. The research committee takes feedbacks on a continuous basis.

Apart from these student research projects which are mentored by faculty, seven new projects including one by the NSS were also taken up by Faculty from various departments. The efforts of Dr. Sangeeta Gupta and Dr. Rajyalakshmi to ensure that a streamlined and transparent policy is followed in taking on research projects are indeed praiseworthy.

As a Diamond Jubilee Celebration Year, the entire academic session was packed with activities. To begin with, a logo was designed for the Jubilee year by the students. A competition was held in which some really imaginative logos were created; the final logo chosen was by Shubhra Parihar, a student of Political Science Honours Second year, a simple but effective logo that found its way on stationery, certificates and mementos of the college.

It was decided that some distinctive and constructive ways of celebration would mark this momentous time.

A Distinguished Lecture Series was organized and 50 distinguished persons delivered a lecture on their area of interest and expertise. Each distinguished speaker also planted a sapling of an indigenous plant. So far, we have had the privilege of listening to some leading lights of the world. The series was flagged off by none other than Hon. Shri. Venkaiah Naidu, the Vice President of India. The other distinguished speakers include academics like Prof. Avijit Pathak and Prof. Irfan Habib, public figures like Shri. Jairam Ramesh, social activists like Ms. Kamla Bhasin and many others from the field of art and culture like Shri. Raja and Radha Reddy, Mr. Bickram Ghosh and the poet Keki Daruwalla. My deepest gratitude to the departments that have been responsible for bringing such luminaries and to the Distinguished Speaker Series Committee constituted by Dr. Namita Sethi, Dr. Sandhya Garg, Dr. Sangeeta Gupta and Dr. Rajyalakshmi. I must mention that we continued with the Distinguished Speaker series using the Zoom platform, during the COVID 19 lockdown. I applaud my colleagues for their unstinted zeal and enthusiasm.

As part of the Diamond Jubilee commemorative events, it was felt that the greens of our college would be further embellished by the addition of indigenous plants. Hence the saplings planted by the distinguished speakers were a step in that direction and special thanks go out to Dr. Sandhya Garg, Dr. Nisha Malik, Ms. Meghna and Mr. Shravan. Our hardworking and dedicated malis (gardeners) include Sh. Ramratan, Desraj, Dinesh, Ram Milan, Prem and Smt. Leelawati.

Apart from the Distinguished Lecture Series, it was decided that there would be a coffee table book that would chronicle the sixty year old history of the college. The task of digging out the photographs and documentation was far from easy and my warmest appreciation to the painstaking way in which the Coffee Table Book committee comprising of Ms. Smita Mitra, Dr. Ruplekha Khullar, Dr. Rajyalakshmi and Ms. Vrinda have been working laboriously and with passion to put it all together. I look forward to this book and to another, a translation of Bhaiji's, Dilli ki Khoj, which was undertaken by Dr Jitender Gill and Dr. Namita Sethi assisted by Dr. Saumya Gupta. It is a noteworthy achievement.

The history of the college was documented through a film as well and a short documentary that captured the landmark events as well as significant aspects of the college was screened on Founders Day as a curtain raiser to the Diamond Jubilee celebrations; I record my appreciation of Ms. Vandana Madan and Dr. Payal Nagpal in giving the college its very own short documentary film.

The annual magazine *Janki* is a special edition this year, one that rewinds to the sixties and all the history since then has been witness to, the world over. In the context of the many important global and local developments, are the views of our students and the reminiscences of our erstwhile colleagues on their memories of the college over these years. I am very proud of the way in which Janki has reached such a high standard and this Diamond Jubilee issue is surely a collector's delight for which the entire editorial

team Dr. Antara Datta, Dr. Sanjukta Naskar, Ms. Tarini Pandey, Ms. Jaya Yadav, Dr. Rajnibala Anuragi, Dr. Ritu Arora, Ms. Karishma Ahlawat, Dr. Indu Soni and Dr. Rajender and the simply amazing team of students deserve applause.

I also look forward to an initiative to set up an *e-journal* taken on by Dr. Ruplekha Khullar and Ms. Vandana Madan for which the preliminary work has begun. I would also like to congratulate Dr. Sanjukta Naskar and Mr. Surender Kumar for the wonderful souvenirs to mark the Diamond Jubilee that they custom designed and procured for the college and a thank you to the students who sold them! Furthermore, I would like to congratulate the Lumiere team and their conveners, Dr. Saumya Gupta and Ms. Tannu Sharma for the beautiful diaries called aptly, *Kalam* that they have created to mark the Diamond Jubilee. Congratulations too to Team Nritya and their teacher conveners, Dr. Tara Sheemar and Ms. Debahuti Brahmachari for the flash mob that they choreographed, as a Diamond Jubilee production.

Indeed, not a day has gone by in the academic session without some or the other significant event or activity which reflects upon the spirit of enthusiasm within the college. Not only did the college conduct these special commemorative events, but the usual events and activities also continued. The three day extravaganza, Symphony- the Annual Cultural Fest of the college was celebrated on January 8, 9 and 10, 2020 with the theme *The Cutting Edge.* Symphony was an amalgam of competitions and performances in their most advanced forms. The rock show was by the popular Punjabi singer Jass Manak. Despite the unrest prevailing in the city during the time, the Staff Advisors and the Students Union stood firm on the decision to hold the Festival and the response was overwhelming. Symphony 2020 was a Festival with a message as it sought to tell the world that educational spaces, like all spaces, ought to be safe and free from violence; and where students have the right to make use of all platforms to showcase their talent and learn from each other. The festival aimed to say NO to violence in any form.

The 71st Republic Day was celebrated by recalling the golden heritage of India on January 26, 2020.

I am truly grateful to the Staff Advisors and the Students' Union for their admirable handling of all events even in the most strained of circumstances.

Apart from the Student Union activities and events, all the Clubs, Societies and Departmental associations engaged in innumerable activities all through the year from conducting workshops and intra as well as inter college events and competitions. The subsections of the larger annual report are evidence of the commendable amount of work done by all and my warmest appreciation to them. The pace the high spirits of all involved was noteworthy.

The Career Opportunity cell of the college has not only been responsible for placing our students through on campus recruitment drives in companies, like EY GDS, FIS Global, JIMS, Tata Power Delhi Distribution Company, ISA Global, Capgemini etc. Besides the above mentioned on-campus recruitment drives, many off-campus drives were also conducted in various companies such as Cvent, TCS, Lakshya Jeevan Jagriti, In-Country, KPMG, FIS, Concentrix, Chegg, Investosure, Nurtr, Clarian etc. In the Off-campus drive with In-Country, two students got selected for the post of Indian Officer - Aston University, UK.

Apart from providing placements to final year students, the cell has also been keen to provide internship opportunities to first and second year students. For the year 2018-19, around two hundred and eight students have interned with various companies through Internshala. For the year 2019-20, many of our students have got internship in various companies such as Financial Doctors, Vplak, Mise En Place, Woovly India Private Limited, Hamari Pehchan NGO, VTC Private Limited, S.W.O.T Reloaded etc. To facilitate the students, the cell also organized a large number of workshops and seminars. Kudos to the conveners, Dr. Poonam Bewtra and Dr. Amita Charan and their team for their tireless efforts to empower the students.

The college continued with its task of providing emotional well-being. The Counseling Committee continued with the workshops for all that were conducted by Zyego, ALS Wellness Network Pvt. Ltd. and the one to one sessions with Ms. Saniya Bedi, the professional psychologist.

The Internal Quality Assurance Cell (IQAC) of the college whose coordinator is Dr. Shilpa Chaudhury and mentor Dr. Jitender Gill, in its continued endeavour to promote conscious, consistent and catalytic efforts to improve the overall performance of the institution, has taken several initiatives. These range from workshops on single use plastic, Governance of Colleges, Administrative Vigilance: Disciplinary Procedures, value education among students, Leadership values in young people, a seminar about the

value of ethics, an orientation session on “Digital Marketing”, a Faculty Development Programme (FDP) on “Perspective on Modern Teaching Techniques- Use of Case Studies & Experiential Methods”, a LIBSYS Workshop for Library Staff , a Training Programme for Non-Teaching Staff on “Professional Ethics and Soft Skills”, to sessions to help students and faculty explore study and research options available in the United States in America and “Higher Education Opportunities in Canada for Students and Research Fellowships for Faculty”

Other initiatives of IQAC include the introduction of the Mentor-Mentee system to provide personalized guidance to students in 2019; partnering with Placement Cell to create awareness among students about activities of the Placement Cell; partnering with Alumni Association to help build a stronger and continuing relationship with third year students who would soon become Alumna; Initiation of the process of Academic Audit.

The work of the IQAC is certainly going to be instrumental in paving the way for an even brighter future for the college and I must thank the IQAC Coordinator, the mentor and the committee members for their relentless efforts to enrich the quality of the teaching learning process within the college.

A number of other committees and individuals worked tirelessly through the academic session such as Admission and Admission Grievances Committees, Attendance Committee, Time-Table Committee, Examination Committee, Library Committee, Decoration Committee, Development & Maintenance Committee, Discipline Committee, Workload Committee, Canteen Committee, Refreshment Committee, ICT and Automation Committee, Add on courses Committee, Ewaste Committee, Committee for online forms, Internal Complaints Committee, Apex Grievance Committee, SC/ST/OBC Liaison Officers, the college Bursar , the PIO , the Nodal Officer for Foreign students and Kashmiri students, NESG committee, Anti-Smoking and Anti Ragging Officers, Prospectus Committee, Prize Distribution Committee, Equal Opportunity Cell, Enabling Unit, Publicity and media Committee, Purchase Committee, Moderation and Monitoring Committees, Alumnae Executive Committee, Counselling Committee and the college Grievance Redressal Committee. The NAAC Committee (or AQAR Committee) with the points persons , the criterion writers and its Coordinator, Dr. Jitender Gill deserve special mention for successfully completing and submitting the AQAR Report and uploading it on time. I would also like to mention the Website committee for striving to streamline the process of uploading information to the website and ensuring updates. A very special thank you to the Time Table Committee for calmly and patiently creating the time tables and then resolving all the issues that arose. Huge appreciation for the Hostel Committee for their commitment to the smooth running of Krishna Hostel for the second consecutive year. I must also mention the efforts of the Internal Audit Committee which painstakingly audits the work of the Administrative office, Accounts Office and the Library and this has certainly helped to redress weaknesses and enhance strengths. The Garden Committee and their club, Upvan, have done a splendid job not only in maintaining the college lawns and gardens but have also added a large number of herbal and indigenous plants. As many as eight prizes were won by our college at the Annual University Flower Show under various categories including the Rolling Trophy, the Jagrani Devi Memorial Cup for the first prize for Bonsai. We are proud of the work done by the committee. The Annual Report Committee makes it possible for us to take stock of all that we have achieved in the academic session and I am really grateful to them for the Report which has evolved into an aesthetically pleasing document; as also to the power point presentations handled by the committee. Due to the abnormal situation, this time the committee had to do their work twice over and their cheerfulness in taking on the extra work is admirable. My personal thanks to all members of the committee: Vandana Madan, Ruplekha Khullar, Namita Sethi, Saumya Gupta, Tannu Sharma, Deepti Sethi, Vikas Jorwal, Kanika Kakar, Sakshi Bansal and Meghna Surana as also to the assistance provided by Mr. Surender. This time round, I must thank the Prize Committee too for their well-made Prize

Distribution PPT. Last but not least, a very special thanks to the Diamond Jubilee Committees which I have mentioned earlier in this report for the outstanding effort put by each committee to ensure that the Diamond Jubilee commemorative events remain unforgettable.

The academic session has seen some infrastructural developments. Three new activity rooms have been created above the auditorium. The library has a brand new research room for faculty which is well ventilated, well equipped and can house up to 25 faculty members. A pantry was made in the staff room for faculty members. A lot of repair and reconstruction too has taken place. The college now sports a brand new road adjacent to the hockey field. Tile work for some of the garden mud roads is currently in progress. A crèche for infants was also created within the precincts of the Krishna Hostel. The college completed the construction of the outdoor gymnasium as well.

The college is known for successfully handling the NCWEB and SOL Centres and this year too, despite all odds the Centres were well managed. Thanks to Dr. Nisha Malik and Dr. Jayanti Sahoo for their able management of the NCWEB centre and to Dr. Sandhya Garg and Dr. Kaushal Kishore for efficient running of the SOL Centre. Needless to say that both centres also had a very efficient team of administrative, accounts, library and other non-teaching staff who facilitated the functioning of these Centres. The Janki Devi Vocational Centre continued to take strides in developing new ways to expand and empower students through training in contemporary vocational fields. Ms. Madhuri Verma and her team deserve our congratulations for the same.

I would like to thank the Canara Bank officials for their efficient services and I also acknowledge the support of Dr. Chugh, our medical officer as well as Ms. Sushma, the college nurse. We must not forget that the college would come to a standstill if all sections of people did not work collectively and remained committed to their duties. In this context, I must acknowledge the entire non-teaching staff(Administrative/Accounts/Library), the safai karamcharis, the malis, the guards and all others who have worked, often even beyond the call of duty to keep the college functioning without any obstacles. Especially in these lockdown times, one could see the malis living on campus, toiling away through the day to maintain the greens. I would also like to acknowledge the work of the safai karamchari who single handedly attempted to keep the college clean. One must not forget the role of the Campus Caretaker who was unfailing in his duties all through the lockdown period too as well as the employees who worked double shifts as security guards to keep the college safe and secure. It is heartening to note the constant attempt of many non-teaching staff members to enhance their skills by attending workshops, seminars and other such programmes that hone their abilities. They are indeed one of the strongest and most indispensable pillars of the college.

The annual report would be incomplete without my documentation of how the college has faced the challenges confronting us due to the global pandemic. To begin with the college took every possible measure to increase sanitization with temperature checks and a hand washing facility at the gate itself; provision of masks, gloves and disinfectant; spraying of all areas with disinfectant at the college level as well as by the MCD; cleaning all work areas with alcohol based disinfectants every day and a video too has been made regarding care to be taken by our college doctor, Dr. Chugh. The college felt a sense of shared responsibility and contributed a sum of more than seven lakhs to the PM Care Fund. The Alumnae Association too was involved in neighborhood ration distribution as were the NCC and NSS students who were involved in social outreach activities during this period.

All faculty members continued the teaching-learning process on an online basis by evolving innovative pedagogical practices. Not only were classes held, but assessment and evaluation as well took place with examinations being held or assignments being given to the students so that the internal assessment could be done fairly. Remedial classes were held and some departments also held

interactive sessions with parents online to allay their anxieties. The IQAC conducted eleven webinars (including an International webinar) of which nine were in collaboration with departments/committees of the college. The DSS Committee held seven of its fifty Distinguished Speaker Lectures during this period of which four were in collaboration with departments.

Faculty members (as well as non-teaching staff and students) across departments attended both academic, nonacademic and professional enhancement webinars. Many faculty members were invited to present papers and deliver talks by other organizations on the subject of their expertise. It is commendable that twenty publications were also acquired by various faculty members during this period. I am also very proud to announce the work done by every department and association during the lock down period, especially HDFE, Economics, Mathematics, Commerce, Sociology, Physical Education, English, Hindi, Political Science, Philosophy, History, Sanskrit and Music. From webinars to projects and competitions, weekend classes by experts to the facilitation of Distinguished Speaker Series lectures, the quantum of work was phenomenal.

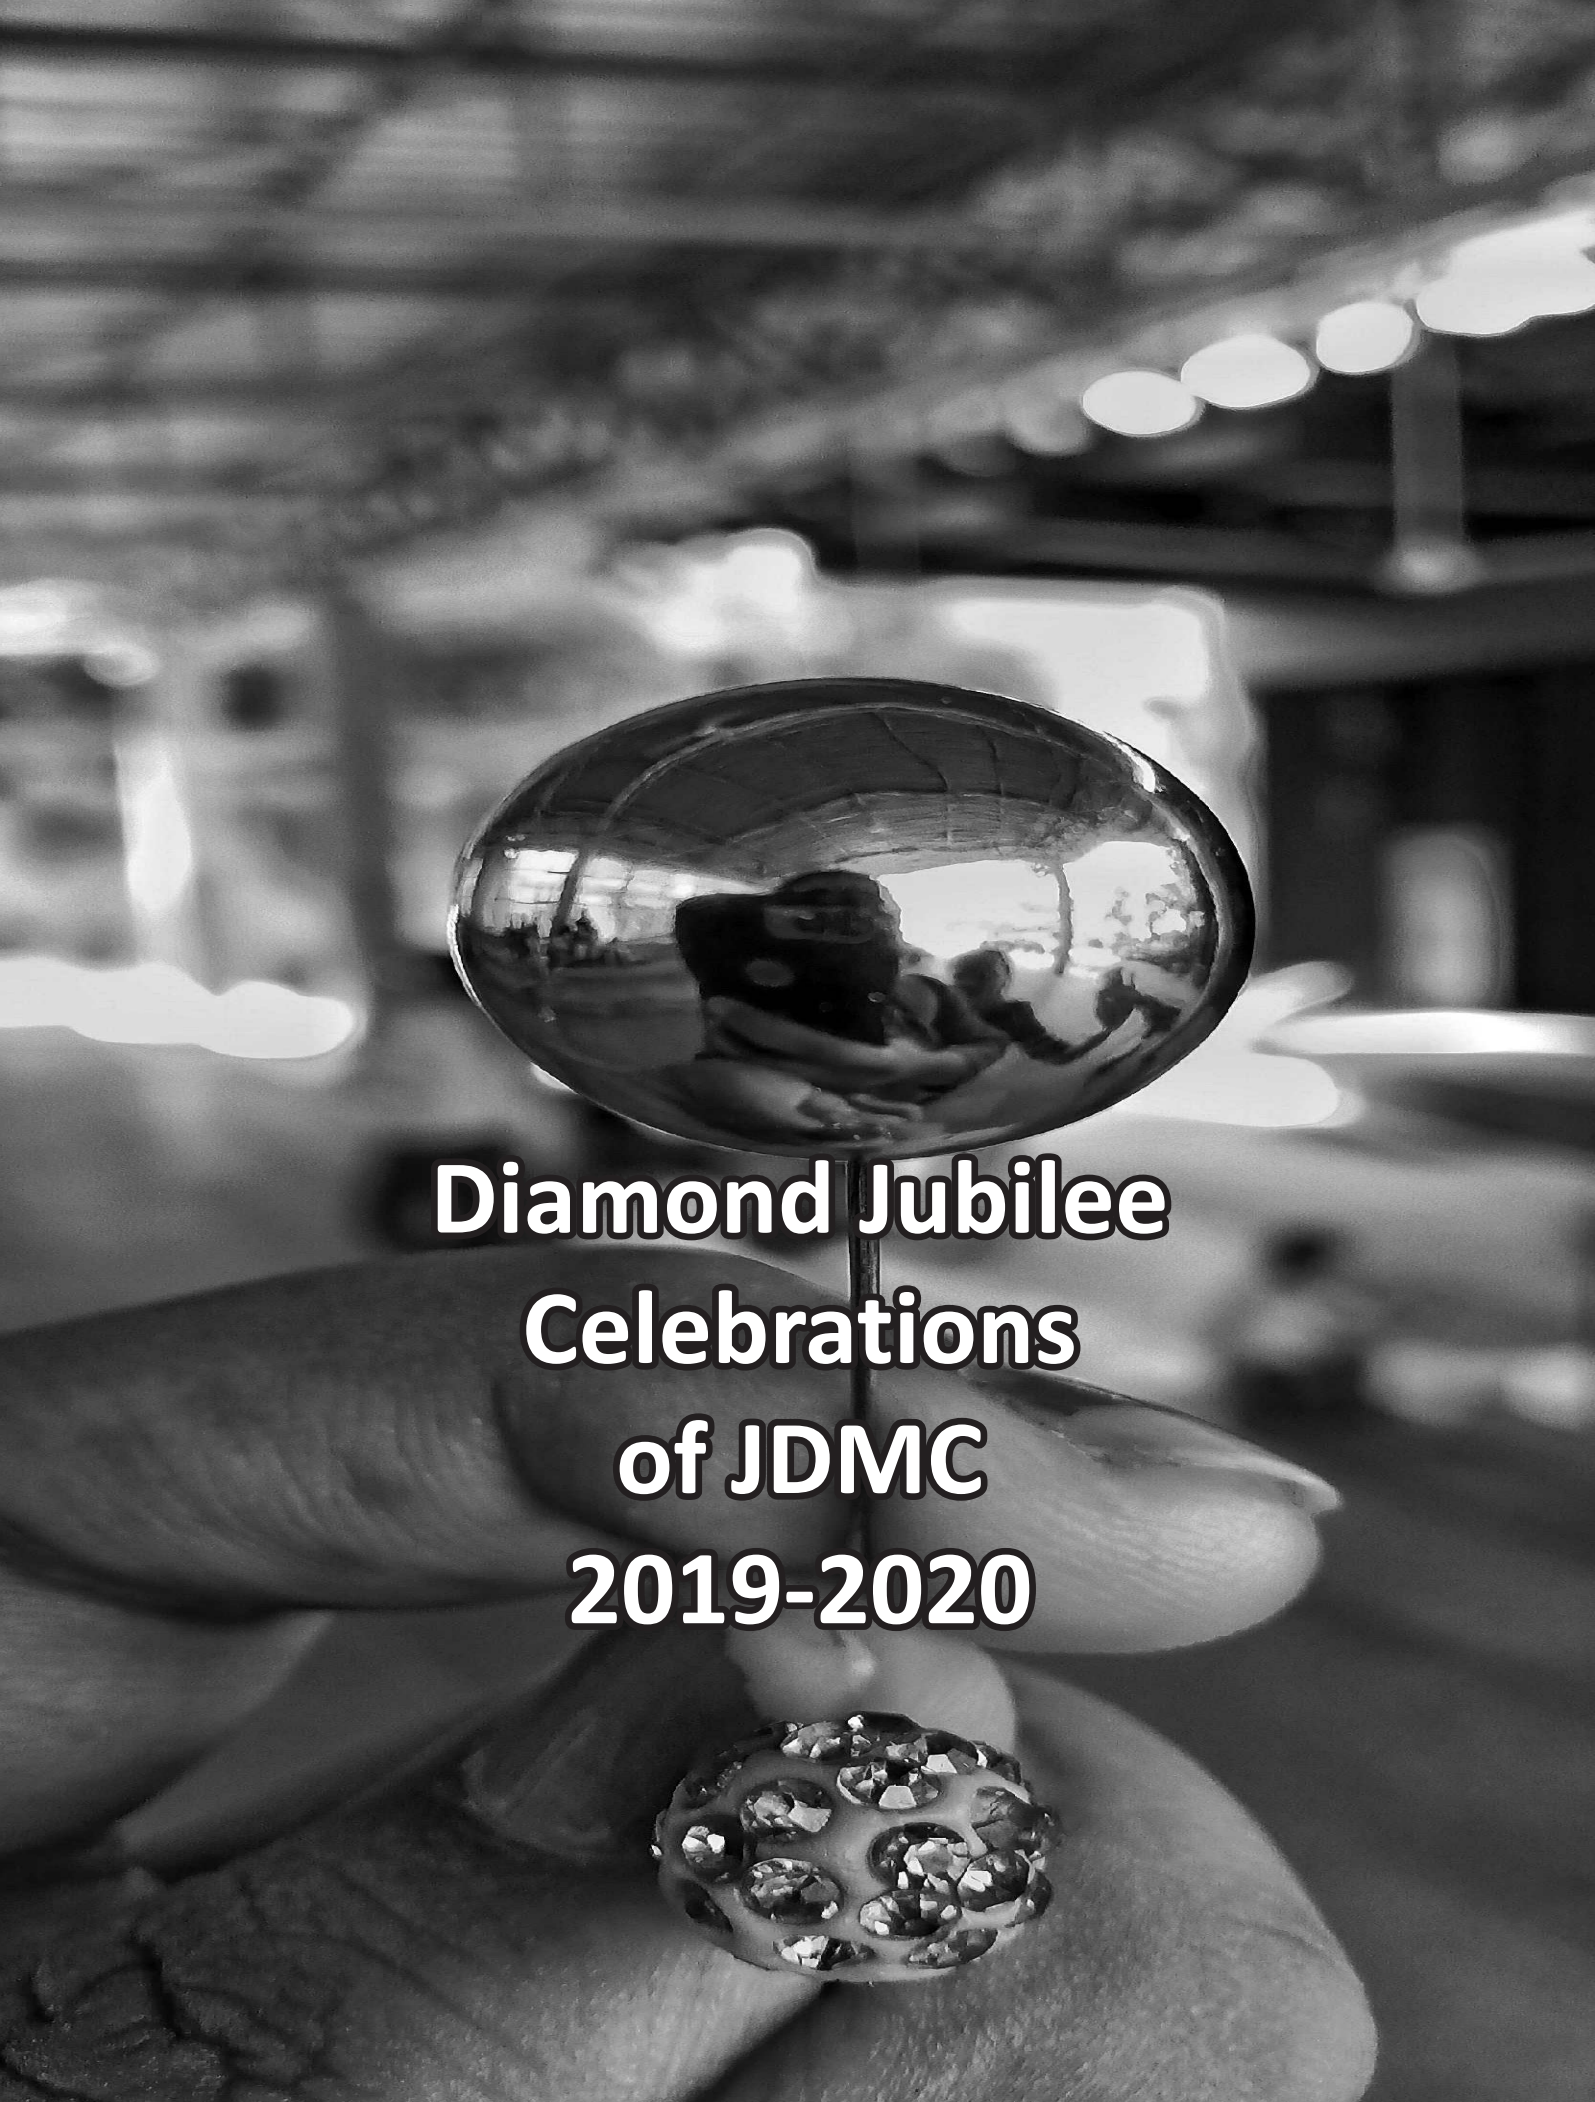

Students and faculty conveners of Abhivyakti, Alumnae Association, Anubhuti, Avani, Gandhi Study Circle, Iridescent and Kalakriti participated in as well as organized online competitive events and in fact, many laurels were brought home by the students during this period. Students of Nupur and Lumiere also brought out some beautiful videos during this period as did the NSS students which showcased what one can do during a lockdown to stay creative and focused. Student curated webinars on Gender were conducted by WDC and HDFE in collaboration with CEQUIN and it was wonderful to see the poise of our students. The Career opportunity cell not only organized webinars during this period but also continued with recruitment, online.

Indeed, the pandemic has brought out the commitment and resilience of all at Janki Devi Memorial College and we have every reason to feel proud of our sixty years of quality education.

The session 2019-2020 has been one in which the college has proved its mettle in every way and shown that it can be the cutting edge. The session seemed to usher in a season of unprecedented personal loss and grief to the college as people lost loved ones and many faced tremendous physical and emotional upheaval. This Annual Report stands testimony to the fact that more than ever before, the pain acted like an impetus to all concerned to continue to put their best foot forward. Janki Devi Memorial College stands tall in its ability to rise like the proverbial phoenix, above the ashes. I salute this spirit of the college.

Let us pray that the road ahead is less choppy, that we stay safe and that we continue to have the will and determination, the fortitude and hopefulness to combat all the vicissitudes of life. May God bless us all.

Thank you.

Diamond Jubilee Celebrations of JDMC 2019-2020

DIAMOND JUBILEE CELEBRATIONS OF JDMC 2019-2020

The following were some of the initiatives taken to celebrate the 60th Anniversary year of our college:

- A Coffee Table Book documenting the history of the college

The coffee table book chronicles the evolution of JDMC over the last sixty years. Right from the establishment of the College on August 1, 1959 by Shri Brij Krishna Chandiwala in the barracks of Rouse Avenue to its current location in 1962, JDMC has been lighting up women's lives with knowledge and galvanising them towards economic independence and responsible citizenship for sixty years. Along with the Principal, Prof. Swati Pal, four faculty members, Ms. Smita Mitra, Dr. Ruplekha Khullar, Dr. V. Rajyalakshmi and Ms. Vrinda Kapur have been weaving together the rich legacy that was bequeathed to us. It has been a nostalgic journey for them as they conducted extensive research work, collected rare pictures, met and interacted with the ex-Chairperson, Dr. Kusum Krishna, retired faculty members and ex-Principals of the College, who shared interesting information and anecdotes and rare photos.

- A special edition of the College Magazine

The Jubilee year college magazine depicts the memorable events and turbulence of the last sixty years. The editors of this special issue are Dr. Antara Datta, Dr. Sanjukta Naskar, Ms. Jaya Yadav, Dr. Rajnibala Anuragi, Dr. Ritu Arora, Ms. Karishma Ahlawat, Dr. Indu Soni and Dr. Rajender.

- A Documentary Film on the College

A short film to commemorate the Diamond Jubilee celebrations encapsulated the rich history and heritage of JDMC. Ms. Vandana Madan and Dr. Payal Nagpal helped put the film together.

- A Series of Lectures by Distinguished Speakers and Planting of Saplings

Internationally renowned speakers, who are eminent in their respective fields shared their views and expertise with the students and faculty members. Fifty lectures have already been held as part of this inter-disciplinary series. Each department of the college actively participated in organising these lectures; some of them were organized by the clubs, societies and associations of the college. The students and faculty from across departments participated enthusiastically in all these lectures, thus generating a plethora of perspectives.

These sessions that took the form of lectures, seminars, lecture-demonstrations and scintillating performances have not only been dazzling in their brilliance but also reiterated the college's commitment to provide safe spaces to students for discussion on a range of subjects by exposing them to maestros, scholars, politicians, historians, writers, leading administrators, academics from India and abroad, Vice Chancellors, policy makers and experts from diverse fields. The series was formally inaugurated by a lecture by none other than the Hon. Vice President of India, Sh. Venkaiah Naidu on August 1, 2019 on the Founder's Day. Doyens like Dr. Raja and Radha Reddy, Prof. Irfan Habib, Sh. Jairam Ramesh have been some of our invitees.

Each session began with the planting of saplings by the distinguished guests. A plaque bearing their name has been placed alongside each of these saplings which have been planted in the college garden; they include indigenous plants such as Ixora and Hibiscus. At the end of the year, nearly sixty

trees and shrubs have been added to the college garden as part of the DSS vision, thus contributing to the bio-diversity and ecology of the Ridge area. The guests are encouraged to re-visit the college to watch the progress of the saplings planted by them that bear their names to commemorate their contribution. Speakers were also presented with souvenirs related to the college and its 60th Anniversary celebrations. The plaque presented to the speakers is inscribed with their names and pictures. Each session of DSS was addressed by the Principal who spoke eloquently about the illustrious founder, Sh. Brij Krishna Chandiwala and his vision of JDMC before the Speakers were introduced formally, felicitated and invited to speak. Earnest discussion, questions and answers flowed freely as students and faculty interacted with the speakers. Each session of this series has resulted in unprecedented exposure to a galaxy of luminaries for the audience.

A series of six webinars were held during the period of the pandemic to keep the faculty and students engaged and stimulated.

The DSS committee convenors are: Prof. Swati Pal, Dr. Namita Sethi, Dr. Sandhya Garg, Dr. V. Rajyalakshmi Rama and Dr. Sangeeta Gupta. Mr Surender Kumar, the PA to the Principal, extended all round assistance throughout, and Mr. Avinash helped with technical support.

- Greening the College with Indigenous Plants

Lush lawns, diverse plants and trees are not just an aesthetic feature but an intrinsic part of our college campus and its commitment to enhance bio-diversity. More than 250 trees and a hundred or more medicinal plants flourish in the campus. Trees like champa, amaltas, flame of the forest (palash), neem, banyan and guava are suitable keeping in mind the weather of Delhi and have also considerable health benefits. The choice of clove, turmeric, kaala baans (black bamboo), cardamom, amla (Indian gooseberry), tulsi (holy basil), sehjun (drumstick), javitri etc for the herb garden in this sixtieth year reiterate the interest in Ayurveda and a desire to raise awareness and green sensitivity in students. The saplings planted by the DSS guests too are a step in this direction. Most of these new plants are labelled for the benefit of students.

The Garden Committee members are: Dr. Sandhya Garg, Dr. Nisha Malik, Ms.Meghna and mr. Shravan. Our hardworking malis (gardeners) include: Sh. Ramratan, Desraj, Dinesh, Ram Milan, Prem and Smt. Leelawati.

- Flash Mob by NRITYA, the Western Dance Society

A dramatic sequence about the survival of Mother Nature was put forth by students during the inaugural of the college festival 'Symphony,' in January 2020. The performance drew attention to the self-destructive tendencies of humankind and the damage inflicted in retaliation by Nature, once its inflamed. The students spread a message of living in harmony with nature: a message that is the need of the hour and in keeping with the keen environment consciousness encouraged by our institution.

- Recovering and Translating the works of our Founder

To celebrate the Diamond Jubilee of JDMC and commemorate the founder of our college, it was decided to make both hard copies and digital copies of the books written by the versatile Sh. Brij Krishan Chandiwala available in the college library. Apart from locating his books, *Bapu Ke Charnon Mein* and *Gandhi ji Ki Dilli Diary*, which are of interest to scholars of Gandhian Studies, historians and students, Dr. Saumya Gupta and Dr. Nivedita Sharma (college Librarian), made provision of hard and soft copies of another book by Bhai ji, called *Dilli ki Khoj* for the college library. Dr. Saumya Gupta

provided information about the historical context of these books. Dr. Jitender Gill and Dr. Namita Sethi undertook the translation of *Dilli Ki Khoj*, a book published by the Publication Division of I & B Ministry, in 1964, into English. This book is an account of the eighteen cities of Delhi, from the legendary Pandavas' to the modern times. It is a compendium of pictures and descriptions of monuments and institutions of Delhi, and first- person accounts of Bhaiji's association with Gandhi and Nehru.

As the project unfolded, an inter-linked students' research project called "Rediscovering Delhi," also supervised by Dr. Gill and Dr. Sethi, arose out of the original project to encourage students to engage directly with the monuments and heritage of Delhi. The students registered their impressions in a blog (https://rediscoveringdelhi.travel.blog) which is very popular. The blog is now in the process of being converted into a book.

- Logo competition

A competition was held to choose the best logo to represent the theme of the celebration of sixty glorious years of the college. It was won by Shubhra Parihar, a student of BA Political Science Honours II year. The beautiful logo was subsequently used for posters, banners, prospectus and other media.

- E-Journal

An initiative to set up an e-journal has been taken on by Dr. Ruplekha Khullar and Ms. Vandana Madan for which the preliminary work has begun.

- Souvenirs

Souvenirs to mark the Diamond Jubilee were custom designed and procured by Dr. Sanjukta Naskar and Mr. Surender Kumar. These included bags, mugs, plaques, badges which were gifted as keepsakes to guests who visited the college and were also sold by students.

- Diaries

The Lumiere team, under the leadership of Dr. Saumya Gupta and Ms. Tannu Sharma, designed diaries, called *Kalam,* to mark the celebrations.

Each department of the college actively participated in organising these lectures, and some of them were organised by the various clubs, societies and associations; the participation however, was from students and faculty across departments, thus generating a plethora of perspectives.

- The students of III year from the Sociology Department were taken for a **field-trip to Jodhpur**, **Rajasthan** from February 26 to March 1, 2020. They studied the **Bishnoi village** named Guda Bishnoian and its residents. It was an extremely illuminating experience for the students as they interacted with men and women from the Bishnoi community and learnt their way of life, and community practices, religious beliefs and environmental consciousness. As a part of the field-trip the students also visited a Bishnoi temple, Shri Jambeshwar Maharaj temple Jajiwala Dohra, where they learnt about 29 rules necessary to be a Bishnoi and a small garden in a village named Khejadli where they saw Shahid Smarak which, was built in the memory of 363 nature loving people of Bishnoi community who had sacrificed their lives for saving Khejri trees in 1730 A.D. In addition, the students were taken to other localities in Jodhpur where they learnt about techniques for making hand-made clay-ware/pottery and saw markets of block print fabrics and bed sheets.
- The Department of Sociology organised a **special lecture** for its II year students, on Techniques of Filmmaking as part of the Skill Enhancement Course on February 25, 2020. Distinguished Speaker Series (DSS)

- A **webinar** on **"Distancing the Social: Sociology in the Time of Corona"** was conducted by the Department of Sociology on May 27, 2020 as a part of the Distinguished Speaker Series and Diamond Jubilee Celebrations of the college. The webinar consisted of a lecture delivered on the mentioned topic by Satish Deshpande, a renowned social scientist and Prof. at the Department of Sociology, Delhi School of Economics, University of Delhi with expertise in caste and class inequalities, contemporary social theory, politics and history of the social sciences and south-south interactions. The webinar-lecture was well attended, nearing 200 participants, both from student and teaching community of JDMC and various other colleges across the University of Delhi. It was a stimulating and scintillating experience for the participants as it focused on the situation of migrant workers and contributed on reflecting on the point that living in the contemporary extraordinary times of Covid-19 becomes significant for social scientists as it provides a 'direction of sight' and makes visible what generally gets overlooked in an ordinary scenario, as 'to see' is not only a physical act but is essentially a social act.

- The Department of Sociology organised a public lecture on **"Ready, Get Set, Pause: What Holds Back Millenials"** on February 26, 2020 as a part of the Distinguished Speaker Series and Diamond Jubilee Celebrations of the college. The lecture was delivered by Dipankar Gupta, formerly Prof. in the Centre for the Study of Social Systems, Jawaharlal Nehru University, New Delhi with research specialisation in rural-urban transformation, labour laws in the informal sector, modernity, ethnicity, caste and stratification. The lecture was well attended with students and faculty members across the various Departments of the college forming an enthusiastic and interested audience. It was an enlightening and enriching experience for the audience as it enabled them to reflect on complementary nature of education and research in the interest of the millenials.
- On February 20, 2020 the Department of Sociology organised a public lecture on **"Relevance of Sociology as a Discipline"** as a part of the Distinguished Speaker Series and Diamond Jubilee Celebrations of the college. The lecture was delivered by Avijit Pathak, Prof. in the Centre for the Study of Social Systems, Jawaharlal Nehru University, New Delhi. The lecture was well attended and participated with audience from across the Disciplines. It contributed in widening the horizons of students and faculty members leading them to reflect on viewing and perceiving the discipline of Sociology in the context of time and age they live in.

मुगल आर्किटेक्चर विभिन्न क्षेत्रों का मिश्रण है : प्रो. रेजावी

नई दिल्ली, 13 फरवरी (नवोदय टाइम्स): मुगल आर्किटेक्चर ने विभिन्न संस्कृतियों से प्रेरणा ली है। यह विभिन्न धर्मों का नहीं अपितु क्षेत्रों का मिश्रण है। उक्त बातें अलीगढ़ मुस्लिम यूनिवर्सिटी के उन्नत अध्ययन केंद्र, इतिहास विभाग के अध्यक्ष प्रो. सैयद अली अहमद रेजावी ने दिल्ली विश्वविद्यालय के जानकी देवी मेमोरियल कॉलेज में आयोजित 'मेकिंग ऑफ अ स्कूल ऑफ आर्किटेक्चर : अकबर एंड फतेहपुर सीकरी' सेमिनार के दौरान कहीं। प्रो. रेजावी ने बड़े ही रोचक ढंग से छात्रों को मुगल आर्किटेक्चर की जानकारी दी। उन्होंने मुगल आर्किटेक्चर पर प्रकाश डालते हुए फतेहपुर सीकरी के भवन समूह के बारे में बताया। प्रो रेजावी ने इस सवाल के साथ सेमिनार का अंत किया कि क्या वाकई मुगलों ने फतेहपुर सीकरी को पानी की कमी के कारण छोड़ा था।

जानकी देवी कॉलेज में धार्मिक परिवर्तन पर सेमिनार

नई दिल्ली, 23 अक्तूबर (ब्यूरो): डीयू से सम्बद्ध जानकी देवी कॉलेज में बुधवार को स्तहन एवं समय के साथ धार्मिक परिवर्तन की गतिशीलता एवं इसके रूप विषय पर सेमिनार का आयोजन किया गया। मुख्य वक्ता प्रो. इरफान हबीब रहे वहीं अन्य पैनलिस्ट प्रो.उमा चक्रवर्ती, प्रो. शिरीन मूस्वी, प्रो. सईद जहीर हुसैन जाफरी, प्रो. क्रिस्टोफर चैपल एवं प्रो राकेश चंद्र रहे। प्रो. इरफान हबीब ने धर्म के विषय मे बताते हुए कई सवाल पूछे जैसे धर्म क्या है? सही मायने में धर्म का अर्थ क्या है? प्रो. हबीब ने धर्म को एक ऐसा ढांचा बताया जिसके अंतर्गत सबके विश्वास अलग-अलग हैं। उन्होंने महात्मा गांधी के संदर्भ में धर्म को समझाया और अपनी बातों का अंत सिंधु सभ्यता, जहां से धर्म की शुरुआत देखी जा सकती है, से की। प्रो. शिरीन मूस्वी ने अकबर के संदर्भ में अपने विचार रखे। प्रो. जाफरी ने इस्लाम के विषय में अपनी बातों को सामने रखा तथा सूफीवाद एवं उनके विचारों के साथ अपनी वाणी को विराम दिया। प्रो. उमा चक्रवर्ती ने बौद्ध धर्म को अपनी बातों में जोर देते हुए अपनी बात रखी।

Pranay

You waited the moment? I need two minutes of silence. Will you be silent?" asked principal Swati Pal.

It might not have been two full minutes, but that was about the only time girls of Janki Devi Memorial College gave their lungs a break. Surrounding those young women with the catchy opening notes of Desi Kalakaar song Lehanga, singer Jass Manak appeared on the stage. "What's up? Lehanga kiddi kithi favourite aa?" he asked, and the crowd went into a tizzy — just the first of the JDMC's annual fest, Symphony, needed.

SOLIDARITY AND STREET THEATRE

The fest kicked off with the college's western music society crooning Diamonds and The Times They Are a-Changin' by Bob Dylan. The dance society, Kenya, presented a hard-hitting performance about the war between the forces of good and evil. The marching elements on day one couldn't compete the spirits, as the street theatre competition, themed "Students Against Violence" was quickly shifted indoors. Students, dressed in a sea of colours, waited for the announcement of the event, and a little while later, 10 teams staged plays on subjects such as mental health, overpopulation, crimes against women. While Jesus and Mary College bagged the first prize, the Indira Maheshwari and Hansraj College teams came second and third, respectively.

MAD AFTER MANAK

Day two of Symphony saw a plethora of dance and music performances, a poetry slam competition titled Rambunctious, and other events. But the highlight remained Jass Manak, on the final day of the cultural extravaganza. With the serpentine queue flowing well outside the college premises, the discipline committee had their task cut out. After a long wait, as a familiar voice boomed from stage, the crowd went "Manak, Manak, Manak," in unison. The singer performed his hit songs such as Proda and Vich, and took out time on a tripulcem memory lane as he sang Our Shade Toby Mitha, Ishq Tera Tadpave as well as Dil De Diya Hai. The 26-year-old also took selfies with the crowd.

These masks for curbing the spread of Covid-19 are stitched by my mother using a cotton cloth.

She made them during the first week of April. We distributed them to the vegetable and fruit vendors who were without masks and use to come to the colony to sell their products.

So that we can ensure their safety too during the time of this pandemic.
