Unfortunately, the COVID-19 pandemic is proving to be a constructive disruptor, giving an opportunity for restructuring the present conventional, classroom based educational system.

Due to which we weren't able to participate actively which we had done in the earlier years. However, the quick transitions to online mode assisted in keeping continuity of optometry education programs, effectively fitting in the purpose of completion of the current academic year.

PANORAMA 2020-21

The 3rd edition of the North East fest: PANORAMA 2020-21 was held on 5th April, 2021 through Zoom. The theme of the Fest was Connecting the Past with the Present. Nesg_jdmc had organised various competitions (photography competition, creative writing competition, solo folk dancing competition and solo folk singing competition) as a part of the fest. It was the first ever online fest organised by Nesg_jdmc.

The event was graced by Dr. Praveen Rizal, Associate professor - HOD, Department of Economics, SRM University, Sikkim as the honourable Chief Guest. The program was further enlightened with the presence of Prof. Swati Pal, Principal, JDMC. Various cultural programs were performed by students of the NE society.

Towards the end of the event the results of various competitions were declared and the New Union for the year 2021-2022 was also appointed.

WEBINAR ON “Hidden emergency; Unearthing the impact of Childhood Trauma”

During this year 2020-2021, the Students of our Society have successfully organized a webinar on the theme " Hidden emergency; Unearthing the impact of Childhood Trauma" by a profound speaker Ms. Roshnila Gurung which was held on 7th November 2020, 4pm, in a zoom meeting. She goes on to talk about the impacts of childhood trauma on a person and how important it is to discuss this very topic. Children who have experienced complex trauma often have difficulty identifying, expressing, and managing emotions, and may have limited language for feeling states, which often internalize and/or externalize stress reactions and as a result may experience significant depression, anxiety, or anger. And how these impacts can be felt across several areas, such as emotional health, physical health, mental health and personal relationships.
