Students	<ul style="list-style-type: none">• Issues related to online Teaching.• Online teaching to be made more interactive• More skills enhancement session• Need More E-content	<ul style="list-style-type: none">• Online teaching during the pandemic surprisingly turned out to be extremely effective and a real boon for the students as. they saved on commuting time. Google classroom was a good way for dot on time submission of assignments and projects. Both teachers and students put in tremendous efforts for effective teaching and learning with ICT tools. Interaction was also usually one on one as it was less noisy that way. Some negligible network issues were faced by students and teachers.• Departments were advised to ensure use of varied teaching techniques which helped in increased student participation in the teaching-learning process.• The department organized various soft skill enhancement webinars, IPR, Research Methodology, Gender Equity• Teachers regularly provide course related E-contents on Google classroom and on WhatsApp groups. Links, PDF, Audio and Video clips are also provided to help students in their studies. Department organised extra or remedial classes for the students for those who were not able to attend their regular classes due to connectivity or other issues during online mode.
