Logo Designing Competition

August 14th, 2025, Room No.16

The Anti-Ragging Logo-Making Competition was organized with the aim of spreading awareness about the importance of creating a safe, inclusive, and respectful environment for all students. Through creative expression, participants were encouraged to present their vision of a campus free from fear, discrimination, and harassment. Each logo reflected not only artistic skill but also the strong message of unity, dignity, and empathy that lies at the heart of an anti-ragging culture. The event served as a reminder that student communities thrive when built on mutual respect, and it highlighted the collective responsibility of standing against ragging in all its forms. Moreover, the competition was a celebration of values that form the foundation of an ideal student community. It reminded everyone that creativity is not limited to aesthetics, but can also serve as a medium for social change. The event successfully conveyed the message that ragging has no place in an institution of learning, and that together, students can build a culture of kindness, equality, and respect for all.

We sincerely thank our Principal for the encouragement and constant support in organizing the Anti-Ragging Logo-Making Competition. Your guidance and motivation made this meaningful event a success
