Startup EXPO

Brief report

Project Anupam under the **Incubation Program** of **Janki Devi Memorial College** had the privilege of showcasing their project at the **Start-up Expo** hosted by the Indian Institute of Technology Delhi during their fest, **Rendezvous**. Our visit to the IIT Delhi startup expo was a resounding success. On the first day, we proudly presented products from seven creators, set up our booth, documented the event, engaged in meaningful conversations, exchanged contact details with fellow exhibitors, and gained insights into their projects. We also took the opportunity to introduce our project's mission and the names of each creator and their businesses to our customers. Our booth received accolades for being one of the most vibrant and attractive ones at the event. We achieved sales totaling approximately **7700 rupees** for the day.

The second day of the startup expo began with the same level of enthusiasm. We established our booth with seven talented creators. Additionally, we had the opportunity to showcase our Project to Khalid Wani, a renowned entrepreneur and well-known super investor, along with other notable personalities. Our customers were captivated by our exquisite paintings, bags, crochet products, and jewelry. We engaged with fellow startups at the event, which allowed us to acquire valuable knowledge. Total sales of the day were approximately **2300 rupees**.

Feedback

The stall garnered enthusiastic praise from attendees, with many of them singling it out as the most eye-catching and appealing display among all the stalls. Project Anupam Jyotsana 23

Brief report

Project Anupam under the **Incubation Program** of **Janki Devi Memorial College** achieved yet another milestone with their dedication, determination and hardwork by setting up a magnificent stall for **Jyotsana'23- The Diwali Fest of Janki Devi Memorial College**. Throughout the one day fest, the stall was managed well by the union and the volunteers, along with the **18 creators**. With the project, we showcased handmade crafts and items presenting a wide range of spectacular products such as handmade crochets, resin arts, paintings, varied jewellery adornments, bookmarks, Diwali decoration ornaments, candles and the list goes on!

Our bench of items did not fail to grace the entry path to the mega- event, the stalls were set up on both the sides of the lane and garnered the attention of the visitors and JDMC students alike. While our stalls fulfilled the shopping demands of the visitors we also sweetened their day with our baked eatables from one of our creators. The multi- faceted nature of our booth enabled our guests to not leave without a souvenir from Anupam. The sun setted successfully with the collaborative efforts of the team gaining us a sale of **Rupees 35000**.

Feedback

The attendees warmly wished us the best for Diwali, the festival of lights and thanked us for enlightening their days with our products. They were deeply impressed by the agility of the members and the quality of the items. They could not restrain themselves from reviewing the items and praising the intricacies of the articles in their verbal feedback. It was interesting to note how some people were camera- shy, yet they could not stop themselves from appreciating the zeal of our team.

The personalization of the pieces by the creators (thank you notes and packing) won the hearts of many of the buyers and they assured us a long term connection.

The Team members worked with undying passion and at the end of the day commended each other for their support.

The Creators were very pleased with the set-up and the pedestal they received. They were able to embrace their inner shine and spread it to hundreds out there! They expressed gratitude for the unique support and guidance provided by Project Anupam, which they believed they couldn't have found elsewhere. Several creators also commended the project and our team's handling of the stall.

The happy faces of content, the twinkling eyes full of excitement encourage us to take our endeavour forward and we ensured our ardent customers, creators and the team that we will be back with engagements in future!
