Community Engagement with the Elderly

Department of Political Science, Janki Devi Memorial College has conducted a workshop on 'Community Engagement with the Elderly' organized by the Centre for Extension & Outreach on 12th Jan, 2024 on the occasion of National Youth Day. Students of the department shared their experiences on the moments spent with elderly people at home, in the community or at an old age home. The initiative proved well to fill the youth-old bond with love and compassion where the former realised the importance of the latter in the society.

The experiences shared by the students are as follows:

Date: January 25, 2023

Place: Home

Regretfully, on this day, I celebrated my grandpa's birthday with him for the last time before his passing.

However, his words, deeds, and legacy will always be with me and in my heart. As a result of his love for family get-togethers, my grandfather was always successful in fostering unity within the family. He held the view that solid family relationships could only arise from emotional and mental connections.

I've learned a lot from my grandfather. It was on this specific day that his health was not particularly good.

Even though he wasn't feeling well and couldn't work like a regular person, he was thrilled that day because it was his birthday and was able to stand up on his knees. It was the day when I understood how small things can bring someone joy and cause them to stand up on their knees in spite of being quite ill. My grandfather taught me the value of life by appreciating the small things in life and by embracing and appreciating what we have now.

Spent time with my paternal and maternal grandmothers. I asked about their experiences of life and how it has changed with the advent of old age. I was more astonished by the friendship that they both have built with each other. They said care and selflessness is what builds the bonds. Afterwards they massaged my hair and we all ate Maggie together as they love it. Blessed with the best.

In this picture as well I am donating woollen clothes to the elderly people living on the streets. By talking to them we got to know that these are people who sell baskets made out of jute and use the bare minimum earned from this to fill their stomach. They also said that people are not very supportive of them and that they do not buy their products often which increases their struggle more and more.

We asked about their experience of working in this prestigious institution, if they enjoy it, what they love about it the most and how they look back at the years they've spent here. They shared with us their idea of living the life to the fullest, what mistakes not to do, not run behind anything, let go of things that hurt us, learn, grow and enjoy the youth and not worry about the future. The elderly population faces challenges related to social isolation and limited community involvement, impacting their overall quality of life. Effective community engagement is crucial to addressing these issues and promoting a supportive and inclusive environment. Similar steps were taken by our department by encouraging students to take part in **Community First Initiative**, an outreach activity in association with **National Community Engagement Academic Network** organized by Janki Devi Memorial College.

On January 22, 2024, four to five people from the Political Science Department visited a park where we interacted with a group of elderly people from our community. While we were communicating with them, they gave us their live through advices in regards to our career, peer pressure, handling stress, about depression and anxiety, and how to become independent.

These elderly people even explained to us the importance of unity and togetherness. They say **Sticks in a bundle are unbreakable**. They gave us life advice, shared their life experiences and interacted with us joyfully.

The conversation was very interactive and they had actively taken part in it.

Sitting beside my grandmother, I absorbed the nuances of her stories including laughter, the challenges, the triumphs depicting an integral part of our shared cultural heritage. She imparted not just facts but the deep emotions woven into the fabric of her experiences. Through her guidance it helped me to navigate complexities of traditions and rituals. In these moments, I found myself not just learning about her past but discovering the essence of who we are as a family and the traditions that bind us together.

"Heartfelt Compassion: A Valentine's Day Visit to Gangaram Hospital"

The Department of Sociology of Janki Devi Memorial College, University of Delhi in a heartwarming celebration of love and compassion on Valentine's Day, embarked on a soul-nurturing journey to Gangaram Hospital.

Their mission: To sprinkle a dose of kindness, support, and heartfelt wishes on the patients, while extending gratitude to the tireless heroes – the doctors and hospital staff.

The focal point of their visit was the Paediatrics department, where laughter and resilience danced hand in hand. Dr. Kalra, the Head of the Paediatrics department, welcomed the students with warmth, setting the tone for an enriching exchange.

The highlight of the day unfolded as students engaged with the resilient young souls in the Paediatrics ward. Conversations flowed seamlessly, transcending the boundaries of illness, as the students shared smiles, stories, and small tokens of affection. The magic of the moment revealed itself in the smiles that adorned the children's faces upon receiving flowers – a simple gesture that spoke volumes of compassion and human connection.

On the auspicious occasion of Holi, the second-year students of department of sociology, Janki Devi Memorial organized a heart warming visit to spread joy and happiness among the young patients of the paediatric ward in Gangram Hospital. Recognizing the significance of cultural celebrations in uplifting spirits, the students aimed to create a memorable experience for the children undergoing treatment. After taking permission from the doctors the students distributed ladoos among the patients, their parents and to the staff and wished them Happy Holi.

This was an initiative taken by the students of department of sociology, Janki Devi Memorial College to provide a distraction for young patients from the challenges of their treatment and instil a sense of joy.

The event was equally rewarding as it offered an opportunity to connect with patients and foster a sense of empathy.

Avni's Outreach Activity with Green Dream Foundation

As a part of an outreach activity a team of students from Avani participated in a dry waste Clean-up Drive organised by the NGO, Green Dream Foundation near Lal Quila (Red Fort) Metro Station Gate Number 4 on March 23, 2024. This activity was facilitated by Ms. Simran Gupta, Associate Manager, Green Dream Foundation and an alumna of Janki Devi Memorial College. The primary aim of the drive was to contribute to the preservation of Lal Quila and its surroundings by collecting dry waste and fostering environmental awareness among the participants. As a recognition of their dedication and commitment to environmental conservation, the student participants were presented with certificates by the Green Dream Foundation upon the successful conclusion of the cleanliness drive. This activity proved invaluable for the students, instilling in them a profound sense of responsibility towards the environment and nurturing a spirit of community service. Their active involvement not only contributed to the enhancement of a significant landmark but also underscored the importance of maintaining cleanliness in public spaces.
