Message from the Course Co-ordinator

I am writing to extend my warmest congratulations to the team for compiling the insightful discussions that took place in the add-on course Prosperity Through Philosophy: Practice and Principles! The dedication to exploring the depths of philosophical inquiry has been inspiring to witness, and I commend everyone who took part for their intellectual curiosity and engagement throughout the course.

Philosophy is a discipline that challenges us to question assumptions, think critically, and contemplate the fundamental aspects of existence and human experience. Your contributions and reflections during our discussions have enriched this experience, and the journey of this course filled with intellect and thoughtfulness.

With the completion of this book, we glance at the lectures and discussions offered by the many esteemed guests and teachers. The knowledge we have acquired in the process of this course is something we all will take along with us in life – doing justice to its name and incorporating philosophy in our practices. Remember, learning is a lifelong journey, and this achievement marks an important milestone in your educational and personal growth. I encourage you to continue exploring and expanding your knowledge.

I wish everyone all the best in their future endeavours. May this accomplishment be the stepping stone to many more successes in your academic and professional life.

Philosophy is a discipline that is always accompanied by practice. What we learn, we must also incorporate in our life. In the add-on course offered by the Department of Philosophy, Janki Devi Memorial College, and INADS, Dartmouth, we aimed to discuss the aspects of philosophy one can implement in daily life. I congratulate everyone on completing this course. Your commitment to delving deeper into philosophical thought and expanding your understanding of this profound discipline is truly commendable.

It has enabled us to nurture our passion for philosophy and apply the analytical skills developed in all aspects of our lives. This curation of lectures and students' projects is a mark of all the knowledge shared during this course. ICT Academy Bridge 2023 - Delhi Edition

In the next five years, almost 25% of jobs are expected to change, says a report from World Economic Forum. Technology, green transition, value chain restructuring, and macroeconomic conditions are the major factors that affect job trends. For resilient economic growth, it is significant to prepare Gen Z with the skills they need for the future of work. On the other hand, the priorities of the Gen Z population are different as their focus is on workplace equity, quality of jobs, the opportunity for continued learning, and upward mobility that benefit them.

ICT Academy Bridge is the convergence of policymakers, industry leaders, and academic leaders to explore the right skills strategy to develop Gen Z for the future of work and the need to invest in people that would augment resilient economic growth. On the theme, 'Building Human Capital, Accelerating Growth, Enabling Access' - the summit helps the higher education institutions across India to focus on the acute problems that the current education system faces to prepare students for a future of rapidly changing work demands. The summit further discusses improving access to better education, skills, and newer economic opportunities for the Gen Z population.

3. Community awareness and outreach activities in Possangipur village – 4th September, 2023

The Department of Human Development and Family Empowerment under the aegis of JDMC-IQAC and G20 Jan Bhagidari organized 'Community Awareness and Outreach Activities in

Possangipur Village' on 4th September, 2023. These initiatives, carried out with great enthusiasm and dedication by the students.

The community engagement journey commenced with a heartfelt expression of gratitude towards Mr. Jagjivan Sharma, the esteemed Pardhan (chief) of this village, with whom we have signed a Memorandum of Understanding (MOU). Mr. Sharma extended a warm and gracious welcomed everyone.

Environmental Awareness:

The activities encompassed a wide range of crucial topics that directly affect our community's well-being. Among these were environmental awareness sessions that aimed to promote sustainable practices, protect our natural resources, and foster a deeper connection to the environment. Through these activities, our students educated community members about the importance of eco-friendly practices and how they can contribute to a healthier environment.

Self-Awareness:

Students also conducted insightful sessions on good habits and bad habits. These discussions aimed to cultivate positive behaviors and encourage the elimination of harmful habits, thereby contributing to personal well-being and a harmonious community

Nutritional Awareness:

Nutritional awareness programs were conducted to impart valuable knowledge about balanced diets, healthy eating habits, and the significance of adequate nutrition, particularly among children. These sessions emphasized the role of proper nutrition in maintaining good health and well-being.

Awareness on physical fitness:

Students organized engaging activities through games to promote awareness about physical fitness among children. These interactive games not only make learning fun but also encourage children to embrace an active and healthy lifestyle

Cleanliness:

Students organized skits to emphasize the significance of cleanliness and hygiene among children. These entertaining performances serve as a fun and educational way to implant essential habits for a healthy and hygienic life.

BYSTANDER REPORT 2023-24

The BIP was a collaboration between the University of Muenster, Germany and Janki Devi Memorial College, Delhi University from 2017-22 and from 2023 onwards it is in collaboration with Women Power Connect and Janki Devi Memorial College, Delhi University. A series of workshops aimed at creating gender awareness and sensitization and most important to teach students strategies of intervention, are conducted under this program.

Each session starts with an introduction to the goals of the program and the modules by the resource persons of the day. The goals of these sessions are to enable the students to:

- ▶ make participants reflect about topics like gender, healthy relationships, sexual violence and bystander behavior.
- ▶ inform participants about how gender stereotypes contribute to the occurrence of sexual violence and what rape myths are.
- ▶ support participants in finding strategies how to intervene in potentially violent situations and how to communicate effectively in interpersonal relationships.
- ▶ engage participants as potential witnesses of sexual violence.

There are four modules in this programme-

- Gender
- Healthy relationships and communication
- Sexual violence
- Bystander intervention

The Module on Healthy relationships is conducted by the resource person. The other three have to be completed by students online, within a stipulated time period, post which they receive certificates of completion.

14. Guild for Service Trust

Report on the Collaboration between Guild of Service and the Centre for Gender Equity Studies, Janki Devi Memorial College

A project on 'Empowering Widows' was undertaken by the faculty and students of Gender Equity Studies Centre (under the aegis of IQAC), Janki Devi Memorial College, in collaboration with the Guild of Service, an NGO in consultative status with ECOSOC, United Nations. The college would like to place on record our gratitude to Dr Mohini Giri and the entire team at Ma Dham: Ms Meera Khanna, Prof Malashri Lal, Dr Nivedita Das, Ms Kajal and all the other members,

From JDM College, three faculty members: Prof Rajyalakshmi, Dr Namita Sethi and Mr Tarun Kumar; along with forty students were actively involved in the nearly year-long project which began in October 2022. The aim of the project was to sensitize students to the issues faced by widows at Vrindavan and Delhi and to give them exposure to a model of good practices as followed at Ma Dham at Vrindavan.

The project was spread across the following stages:

1. A pilot field visit to Vrindavan was undertaken by Prof Rajyalakshmi and Dr Sethi and Ms Meera Khanna introduced them to the Mas.
2. A National Seminar On Empowering Widows, held at JDMC on 14th October 2022, where Prof Lal and Ms Khanna were the plenary speakers. The seminar set the context and guidelines for the ensuing field visit.
3. The discussion that followed the presentations provided the students in charting the scope of our survey and framing questionnaires. Students filled forms about their expectations from the research project as well as filling questionnaires about popular perceptions about widowhood drawn from their own experience.
4. A group of about thirty students, along with the three faculty members left for Vrindavan on a field visit on Nov 13th, 2022. On 14th November the students visited Ma Dham and were briefed by Meera ji after a delightful welcome by the Mas. An **MOU** was signed between the college and the Guild to promote research and collaboration. The JDMC field visit to Vrindavan in November, was exciting and hectic but greatly facilitated by the warm hospitality at Ma Dham. The students brought saris, sweets and gifts for the Mas. Meera ji addressed student queries with great patience and insight. The students were deeply moved by the traditional greeting by the Mas and the warm smiles. The interaction with the Mas and students of Sannidhi school on the premises, gave an idea of the possibilities of good practices in providing a home to the Mas. One group of students revisited on 15th to interview the Mas and interact with Ms Kajal, along with Dr Sethi.

5. Findings

Ms Kajal, the counselor, shared her experiences candidly. From her we learnt, about the sheer volume of paperwork that the shelter handles for the Mas to help them access important documents like the Aadhaar card and Pan. How challenging it is to get basic documents like the death certificate, property related papers and the hard effort put in to help them access zero balance bank accounts, pension papers and any other essentials. This could be one of our suggestions for change: to make documentation and access to important documents easier for widows, especially the senior ones.

Ma Dham is also distinct for welcoming senior Mas and not discriminating against those with mental health concerns. In fact, most of the inmates have received help with regular visits to the hospital in Agra and back, and the cost of psychiatric medication is also prohibitive. Government policies must consider the special needs of senior widows, such as those who reach Ma Dham after being rejected by their family and other shelters. Apart from health care and medication, adult diapers are another item that is more useful to the Mas than what is traditionally donated. A lot more research needs to be done to identify the special needs and geriatric care needed at shelters, but some provisions should be made by the state immediately to assist these ladies.

6. The other students took up research at other shelters and near temples and on the streets. This work was greatly facilitated by Meeraji and the Ma Dham team. The pictures taken by our photography club students shall be included in the forthcoming publication.
7. A National seminar entitled “Speaking (of) Widows” was organized on 10th April 2023 to showcase the student and faculty presentations with feedback provided by Prof Lal and Ms Khanna. The seminar helped the students conceptualize a publication as part of the proceedings.
8. The book proposal has now be sent out to a publisher. It will include contributions and pictures from both the members of the guild and the faculty and students of JDM College. We are thankful to the Guild of service for sensitizing students, guiding them towards research that can contribute to policy reforms and good practices that will truly empower widows.

2023-2024 ACADEMIC SESSION

SAMARTH- THE ENABLING UNIT

Samarth- The enabling unit of JDMC began the academic session by holding various activities to empower the students with disabilities pursuing various courses across JDMC. The unit has an ongoing MOU with SAKSHAM, under which it has been organizing various activities – laptop distribution, film fiesta, career counselling workshops for the benefit of its students.

LAPTOP DISTRIBUTION- As stated JDMC organized distribution of various assistive devices for SWD studying across the University of Delhi. Under this scheme the students can buy these devices at a subsidised rate. Saksham and our donors together were able to provide laptops, pocket recorders, and brailers to twelve students from JDMC and two from other colleges. Mr. Dipinder Minocha, founder trustee of Saksham addressed the students and guided them about the benefits of using technology to keep themselves abreast.

VILLAGE TRIP

The NSS (National Service Scheme) unit of JDMC organised a trip to soulfully share in the celebrations and challenges of their work experiences in the Village trip in Nunu Majra, Bahadurgarh Haryana on 23rd September on the occasion of NSS day to spread kindness through donation of clothes, books, stationary for the upliftment for education in the children.

Our NSS Programme Officer Dr. Rajinder Kumar, Programme Coordinator Dr. Jayanti P Sahoo, NSS Member Dr. Rakesh & 9 NSS Volunteers get to know more about it and observe the village flora and the spiritual traditions they follow, and they discover about the discipline they look up to.

Spending graciously and memorable time by making them participate in various games such as snake & ladder and To help them realise how smart they are and how much they would be appreciated for it.

Objective- To see the good in everyone, and celebrating NSS Day as we celebrate with the loving kids we meet in the village.

Learning outcome- Happiness is the new rich. Inner peace is the new success. Health is the new wealth. Kindness is the new cool. We found three of these in the village trip.

About Janki Devi Memorial College

Janki Devi Memorial College, a premier women's college of University of Delhi was founded in 1959 by the famous Gandhian Shri Brij Krishan Chandiwala in memory of his mother, Smt. Janki Devi. JDMC aims to provide quality education to young women and empower them to become economically self-reliant, have the confidence to face the vicissitudes of a challenging society, contribute meaningfully to the society at large and acquire the capability to think, lead and change the world.

About ASPEUS

Accupressure Research, Training and Treatment Sansthan was founded at Allahabad, India on March 26, 1995 as an organisation of selfless volunteers with the main objective of serving humanity through free accupressure treatment to the sick and ailing. The Sansthan had a humble beginning and started off on a modest scale with a group of seven volunteer men treating 12 patients free of cost in a borrowed building. The sapling planted in the year 1995 has today become a Banyan tree and the small Allahabad group of seven has turned into a large country wide cohesive group of countless thousands. As the name of the Sansthan suggests, it is also very actively involved in research and training activities pertaining to accupressure therapy.

About Janki Devi Memorial College

Janki Devi Memorial College, a premier women's college of University of Delhi was founded in 1959 by the famous Gandhian Shri Brij Krishan Chandiwala in memory of his mother, Smt. Janki Devi. JDMC aims to provide quality education to young women and empower them to become economically self-reliant, have the confidence to face the vicissitudes of a challenging society, contribute meaningfully to the society at large and acquire the capability to think, lead and change the world.

About ASPEUS

Accupressure Research, Training and Treatment Sansthan was founded at Allahabad, India on March 26, 1995 as an organisation of selfless volunteers with the main objective of serving humanity through free accupressure treatment to the sick and ailing. The Sansthan had a humble beginning and started off on a modest scale with a group of seven volunteer men treating 12 patients free of cost in a borrowed building. The sapling planted in the year 1995 has today become a Banyan tree and the small Allahabad group of seven has turned into a large country wide cohesive group of countless thousands. As the name of the Sansthan suggests, it is also very actively involved in research and training activities pertaining to accupressure therapy.

Letter of Appreciation

To
The Principal
Janaki Devi Memorial College
New Delhi

Respected ma'am,
We are thankful to your prestigious college for the association with our non-profit organisation: Womenite. The students of JDMC worked with us during Daan Utsav (Joy of Giving Week) from 2nd October 2023 to 8th October 2023. The students visited our skill centre located in West Delhi and carried out various activities for the girl students from low income background. They took workshops on important topics like health and hygiene, and conducted fun activities with the students. Overall, the girls of our skill centre felt empowered.

We are grateful for this meaningful association and your valuable contribution to the community.

Best wishes
