

Report
PARENTS' INDUCTION PROGRAMME
18TH and 19TH January 2021

With a view to increase participation of parents as stakeholders and to make them aware of the large number of opportunities that the college offers to its students, IQAC organized Parents Induction Programme on 18th and 19th January 2021 for parents of first year students. The session on 18th January 2021 included parents of students of BA(Prog.), BA (Hons) English, BA (Hons) History, BA (Hons) Hindi and BA (Hons) Sociology. The session on 19th January 2021 invited parents of students of B.Com, B.Com (Hons), BA (Hons) Economics, BA (Hons) Political Science, BA (Hons) Sanskrit, BA (Hons) Philosophy and B.Sc. (Hons) Mathematics.

The sessions began with welcome address by Dr. Shilpa Chaudhary, IQAC Coordinator followed by a brief introduction of Prof. Swati Pal, Principal, JDMC. Prof. Pal addressed the parents and began by assuring them about the efficient functioning of the college. She informed the parents that there are 32 societies- Dance Society, Debate Society, Kalakriti, Quiz Society, NCC, NSS, WDC etc – in the college that cater to wide variety of talents that students possess. She invited students to join them, pursue their interest and add to their profile of three year journey with the college. She also talked about our active Career Opportunity Cell that offers internship opportunities, helps students prepare for interviews etc. Prof Pal added that college has Counseling Sessions, Research Centre, Pratibha (Centre for competitive Exam preparation). Each department has its own Association and organizes various events. The Principal emphasized the need for students participation in various activities held in the college as these aim at holistic development of students. The Principal advised parents to hel their wards plan their journey in the college and make best use f these three years.

The Principal also introduced the Internal Quality Assurance Cell (IQAC) to parents and invited them to be part of IQAC and contribute to growth of the college. Interested parents were to mail their CV to the college.

There was an overwhelming response from parents who appreciated and thanks the college for giving them an opportunity, in this pandemic situation, to interact with the Principal and knowing so much more about the college. It will certainly help them to guide their wards to utilize the opportunities being created by the college endlessly. They asked several questions and were glad to know that the college has such a variety of activities and that it provides a wholesome environment to all its students to not just strengthen their academics but also become well-rounded individuals willing to contribute to society.

The session ended with a vote of thanks to Prof. Pal for an extremely enriching interactive session with parents.
