Chairman Shri Banarsidas Chandiwala Sewa Smarak Trust Society

Message

As Chairman of Shri Banarsidas Chandiwala Sewa Smarak Trust Society, I wish to offer my sincere felicitation to the Janki Devi Memorial College, its staff and its Students on the occasion of its Annual Day.

As a country we are making steady progress in smashing the "glass ceiling" for women in our society. We have 2 women cabinet ministers, several Chief Ministers, we have had a woman President and have numerous women CEO's. More and more women are entering the work force and also re-entering it after starting a family. Our Government has recently enacted a law making maternity benefits mandatory for companies in the public and private sector. Women are entering the armed forces and it is the new norm to see women pilots in our aviation sector. While all this indicates good progress, there are still many sections of our society where women are not given equal opportunities and it is our responsibility to change this. We must work towards ensuring that women have equal opportunities in their chosen careers and in this our College has always led from the front. The teachers and staff of Janki Devi Memorial College have been working tirelessly to help our women from all parts of society and diverse backgrounds access to a high quality education and through this education the ability to enrich their lives both professionally and personally.

I am proud to be associated with the College and I am confident that the College will never deviate from its goal of providing meaningful and quality education to our women.

With best wishes,

Aditya Krishna

Message

I am really happy at the prospect of visiting your college and meeting all of you. One of the most rejuvenating experience for an old teacher is to be in the midst of young people who are looking keenly forward to a future with much expectation and hope. Undergraduate years are definitely the most memorable phase in anybody's life, when one comes of age as a young adult and begins to assert one's individuality preparing oneself to step into multiple roles -- personal, professional and as a citizen. Janki Devi Memorial College has over the decades made a mark as one of the finest institutions of higher education, not just in this metropolis but in a much wider space. The students who have the good fortune of entering the portals of this great institution have the assurance of being groomed by the most competent faculty and by a splendid institutional ethos. I wish the college and its community all the very best. Particularly, I wish the students sincerity of purpose, strength and tenacity, courage of conviction and Godspeed on their long and adventurous journey ahead.

Message

It gives me immense pleasure to write a few words on the occasion of Annual day of Janki Devi Memorial College for the Academic Session 2018-19 on March 28, 2019. Janki Devi Memorial College, an important women's college under the ambit of the University of Delhi, was founded in 1959 to promote women's education. Education plays an extremely important role in a person's life and helps in preparing committed citizens and competent professionals. This was relevant in the past and remains relevant today. Indeed, Janki Devi Memorial College, founded with a vision to empower women, continues to strive to help its students to develop a capacity to think, lead and change the world. I extend my heartfelt wishes to the students and staff of Janki Devi Memorial College on their Annual Day and wish them every success in the years to come!!

Message

I am proud to be associated with Janki Devi Memorial College since March, 1960 when Pandit Jawaharlal Nehru came to inaugurate the College Building. As the oldest member of the Janki Devi family, I wish to congratulate the Principal, members of staff and students for steady progress which the College has made in all these years. Our College is now well poised on a path to achieve higher goals.

Janki Devi Memorial College has taught its girls not only the theory of education, but also how to excel in their chosen fields. It has prepared them well to face everyday life challenges. I am sure every girl who has gone through the rigorous routine of our college will turn out to be a good human being. She will not be afraid to do her duty to self, her family and the society. All my good wishes are with you on this happy occasion.

Dr. Kusum Krishna

Ex-Chairperson, Governing Body, JDMC

(1934 - 2018)

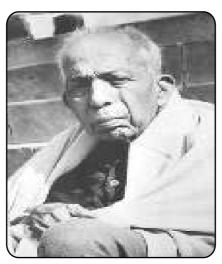

A Tribute to Dr. Gopa Bhattacharjee

Dr. Gopa Bhattacharjee was amongst the earliest members of the Philosophy Dept. of Janki Devi College; a pillar of strength on whom rested the reputation and future of the department. Dr. Bhattacharjee truly lived her life to the fullest filling it with simple pleasures - love of family and friends, adulation from students and laughter and joy of grandchildren. Her gentle and smiling face brought comfort to all and encouraged each one of us to give our best. But behind that deceptively mild façade was a razor sharp mind full of energy and resolve. She had sound academic skills and besides devoting time towards teaching she engaged with serious research, working on subjects that were close to her heart. The premium institution helming philosophy affairs, the ICPR, recognized her research acumen and bestowed her with many a grant and award for her writing. Amongst these were a grant of Rs. 10, 000/- for original contribution in Philosophy besides prescribed University syllabus; A post doctoral fellowship of Rs. 12000/- per month (tax free) for two years with contingency grant to work on her book, "All life is Yoga"; and a financial grant of Rs. 12000 for translating into English the famous Bengali Book "Sankhya Yoga" by Tarak Chandra Roy. Her instituted prizes for first year Philosophy students at JDMC are eagerly coveted year after year. Her passing in October, 2018 has left a void in the hearts of all who knew her which will never be filled. May her soul rest in peace.

Teachers of Philosophy Dept., JDMC

Founder of the College

Shri Brij Krishan Chandiwala (1900 - 1986)

Shri Brij Krishan Chandiwala, the founder of Janki Devi Memorial College was born in 1900 in a reputed family. As the third son of a flourishing silver merchant's family, there were no domestic pressures on him to join the family business. After the early demise of his wife, he joined the freedom movement led by Gandhiji. His mother's entreaties to remarry fell on deaf ears. Brij Krishanji became a true disciple of Gandhiji. He went to jail several times during the freedom movement. When Gandhiji started the agitation against the Salt Law, Brij Krishanji took an oath to give up salt and sugar for life. He was forced to break this vow in the last days of his life on health grounds.

At Gandhiji's behest he had a prayer temple built in a Harijan Colony. He started the Delhi chapter of the Bharat Sewak Samaj, an organization for the upliftment of the downtrodden.

In 1959, Shri VKRV Rao, the then Vice-Chancellor of Delhi University appealed to the wealthy philanthropists of the city to come forward to open girls colleges in Delhi. It was then, that Brij Krishanji who had no children donated all his inherited wealth to the family trust Shri Banarsidas Chandiwala Sewa Smarak Society which in turn funded the establishment of Janki Devi Memorial College in memory of his late mother Smt. Janki Devi.

Today Brij Krishanji is remembered for his social service and closeness to Gandhiji. When Nathuram Godse fired that fatal shot, Bapu fell into the arms of Brij Krishanji who was sitting right behind him. Till his very end this great visionary remained our mentor and guide.

THE COLLEGE

Janki Devi Memorial College aims to provide quality education to young women and empower them to become economically self- reliant, have the confidence to face the vicissitudes of a challenging society as well as contribute meaningfully to the world at large. It is one of the most distinctive institutions of the University of Delhi. With its lush green lawns and imposing building, the college is like an oasis in the midst of a busy commercial area. It was founded in 1959 by the famous Gandhian Shri Brij Krishan Chandiwala in memory of his mother Smt. Janki Devi.

The college offers education in liberal arts, social sciences, Mathematics and Commerce. The college moves beyond the curriculum and offers short-term add- on courses. Four add- on courses have been offered this academic session. A short term certificate course in translation by the Department of Hindi, a certificate course in travel and tourism by the Department of History in collaboration with Department of Adult Continuing Education and Extension, a certificate course on Empowerment and Change: Civil Society and the State, by the Department of Sociology and a Short Term Certificate Course on Development Finance offered by the Centre for Financial Accountability, conducted by the Department of Economics.

JDMC boasts of a well-equipped and well stocked library with more than 90 thousand books and subscriptions to 69 (National and International) journals/magazines catering to the needs of students pursuing different courses and 11 newspapers (English and Hindi). The library has an airconditioned reading hall and stack room. Our library is fully computerized using Web based Libsys Software (an integrated Library management system), where all the housekeeping jobs are performed through this software. The database of books and journals available is updated on day-to-day basis and several terminals are provided for students and teachers to search online documents. Internet access is also provided to the users. The library has 25 laptops with internet where members access to E-resources. All this is provided in attractive and comfortable conditions with adequate lighting and air conditioning. We are also sensitive to the needs of our visually

challenged users. To provide them equal access, the library has installed a screen reading software NVDA. We also arrange Braille books and talking books. We are one of the few colleges to hold a Library Festival marked by various competitive events related to books and also talks by luminaries. In addition to the above, the Janki Devi Vocational Centre offers full and part time courses such as Home Management, Cookery, Textile, Fashion Designing and Commercial Art.

Apart from providing students with a motivational environment, the college offers great facilities and infrastructure to create a holistic environment for the pursuit of academic and extra-curricular activities and a well-regulated administration. To achieve these this ends, the college has a well-designed office block, a union room, a beautiful common room, a clean and spacious medical room with such facilities as a sanitary napkin vending machine, photo-copying facilities, a comfortable staff room, individual departmental rooms, seminar hall, committee room, computer labs, the sports infrastructure, a large and modern cafeteria and an open air auditorium, and a research room for teachers,

The College continually endeavors to improve existing infrastructural facilities and recently installed multimedia set ups in a few classrooms. We are proud to have a beautiful hostel for 105 outstation students that has been made functional this academic session. It was inaugurated by the Hon'ble Former President of India, Shri Pranab Mukherjee in the presence of the Vice Chancellor, University of Delhi, Prof Yogesh Tyagi. Our college also has the distinction of being one of the few to have a disabled friendly environment, with ramps, toilets and lift that cater to specific needs as well as an assistance system for the visually challenged students' and faculty. We have Braille signage as well as tactile surfaces present all along the college and the former was sponsored by the Alumnae Association.

Our founder, Bhaiji, built this college with the single minded aim of empowering women, especially from the margins. In the past, JDMC has actively encouraged such projects as a project on Women Entrepreneurship and Support Training (WEST) undertaken by the college with the support of The Netherlands Embassy and the ECORYS, knowledge partner of the Netherlands government, in 2104. The Career and Counseling Cell or Placement cell as it is known in common parlance, has always been committed to providing placements and internships to JDMC students, relentlessly pursuing the job market for prospective jobs.

The Women's Development Centre, National Cadet Corps, National Service Scheme and the Gandhi Study Circle provide an opportunity to our students to engage with social issues like legal literacy, women's health and empowerment and adult education. The College recognizes the need for students to make informed choices and to be aware of all that happens in the larger world. The International and national Seminars, talks on contemporary issues held by practically all departments through the academic session, provide the right kind of intellectual impetus for students to analyse and evaluate critically.

Academic rigor is maintained in college through tutorials, preceptorials and presentations under the CBCS which are taken very seriously along with the tutor-ward/contact/counselling programmes which help keep a finger on the pulse of the students. The College is genuinely concerned about students who face academic challenges .We have been holding regular remedial classes every semester so that students with academic problems can benefit from them. Economically challenged students too benefit greatly through measures taken by the Equal Opportunities Cell such as the free meal for the students. We have also embarked upon a mentor -mentee system this academic session and indeed this will be yet another platform for students to receive personalized guidance from their teacher mentors.

The college is concerned about not just the intellectual and academic growth of its students but also the mental health of all who are a part of the JDMC family. So, the academic session has seen the

college making more efforts to provide dedicated counseling services through a part time counselor, Sania Bedi as well as dedicated workshops for counseling students every month by Zyego, a wellness agency. A year into counseling, we are pleased to note that students, teachers and non teaching staff have been making use of this facility and do find it meaningful.

Besides bagging university positions in different disciplines every year, the college also strikes a fine balance between the academic and co-curricular. The Physical Education Department has outdone itself this session bagging firsts at inter college Hockey and Soccer and second at Yoga Championships. The department is extremely active and provides training in all the sports. The NCC too has proved its mettle by bringing home many laurels be it in drill, tug of war, mountain climbing and cultural events. They are truly an inspiring force. The Annual Inter-college Festival 'Symphony' and societies such as the Shakespeare Society: Bardolators, Dance Societies (Indian Classical, Folk and Western), Debating, Street theatre Society , Music (Indian and western), Film, Photography, Garden, Creative Writing, Finance and investment, Entrepreneurship and Environment Clubs offer a wide forum for the expression of the creativity and talents of the students. Every department also has its own association that conducts interesting events, both academic as well as creative, all through the academic session.

JDMC believes that the curriculum and the text book is not the only way to gain knowledge or to progress. Departments such as HDFE have been exemplary in the way that they have worked relentlessly to gain knowledge about such uncharted territories as retinoblastoma and the stellar work that they have done to promote sensitisation about the same. The English Department too has worked hard to develop greater awareness and understanding about Breast Cancer. Again, the initiation of the Eco Zone by the Environment Club Avani has made a significant impact upon environmental studies within college. Students of JDMC along with their enthusiastic teacher mentors, have been very proactive in engaging with various programmes proposed by the MHRD or the University. This academic session, students from the Classical dance society as well as the North East Group performed at the University at its invitation for various events. A special Mention must be made of the first ever inter college North East Festival, Panorama, organized by the North east Group of the college.

Our college gardens never fail to fetch admiring glances from visitors. This year JDMC won three prizes at the Annual Flower Show and Garden competition held by the University. It is worth mentioning at this point, that ours was the first college to install a rain water harvesting system which has been rated as one of the best in Delhi by the Centre for Science and Environment and has won the Chief Ministers prize for Institutional Rain Water Harvesting. In keeping with our mission of recognizing our responsibility towards the environment, the college has an active environment programme which covers rain water harvesting, recycling, composting, solar lighting, CFL conversion, and campaigning for a tobacco free zone. We have installed a solar power grid of 88 KW in collaboration with Azure Solar Power Ltd. The Hostel has been provided with solar water heaters. We have also completed our tree audit and well on the way to complete our flora and fauna audit.

At Janki Devi Memorial College, we provide students every opportunity to express themselves. The annual College Magazine, Janki, is a brilliant space for students to express their perspectives on a wide range of issues through varying literary styles in English, Hindi and Sanskrit. There are also Departmental Magazines such as *Ecogene* which is run by the Economics Department and it is delightful to see another department magazine, *Speculo*, launched by the Political Science Department this session.

On 1st August 2019, Janki Devi Memorial College will complete 60 years since its foundation. We are sparkling like a diamond and must do all we can to ensure that the lustre endures, indeed brightens.

The College Library is the hub of academic activities of the college. It is a trinity of the library staff, reading material and readers. It is a well-equipped and well stocked library with more than 90 thousand books and subscribes to 69 (National and International) journals/magazines catering to the needs of different courses being offered by the college and 11 newspapers (English and Hindi). The library has an air-conditioned reading hall and stack room. Our library is fully computerized using Web based Libsys Software (an integrated Library management system), where all the housekeeping jobs are performed through this software. The database of books and journals available is updated on day-to-day basis and several terminals are provided for students and teachers to search online documents. Internet access is also provided to the users. The library has 25 laptops with internet where members access to e-resources. A landmark achievement of the college this academic session has been the completion of the **Krishna Hostel** and making it a functional one. At the 59th Founder's Day on August 1, 2018 the hostel was inaugurated by the Honourable Former President of India Shri Pranab Mukherjee. The HFP expressed his happiness on being among students of JDMC. The hostel has been able to perform successfully in its maiden run. From the Freshers party to Raksha Bandhan, Diwali Milan, Lohri and Hostel Night, all have been celebrated with great enthusiasm so that students do not miss home. Dr Sipu Jayswal, Warden, Ms Priya, Asst Warden and Ms Varsha, Junior assistant manage the daily running of the hostel along with the provost, Dr Swati Pal. Indeed, given that it's the first time that a hostel is being run at JDMC, it has been a good innings. The hostel committee which collectively frames all the rules and looks into the grievances of the students along with suggesting measures to improve facilities has been the backbone behind the smooth functioning of the hostel.

I am happy to report that practices adopted in recent years such as regular student faculty interactions, remedial classes, mentoring, interactions with the parents, welfare measures for the needy students, timely use of ERPs available for various administrative purposes have now become a habit. Furthermore, the college administration has been proactive about skill enhancement for its non teaching staff and facilitating them to become more efficient by requisite training. Hence, in this academic session, almost all members of the non teaching staff have participated in skill enhancement workshops.

The Non Collegiate Womens Education Board classes and activities were held successfully. The School of Open Learning completed its second year of classes in the college to satisfaction. The Janki Devi Vocational Centre continued to provide the best possible vocational training and placements to its students and their Annual Festival, **Sankalan 2019** was an exhilarating showcasing of the students talents with themes such as rights for the marginalised, Digital India etc.

The year 2019 will see Janki Devi Memorial College turn 60 on the $1^{\rm st}$ of August. It is indeed a long journey that we have undertaken and our dreams, aspirations and actions should be as multihued, as positive and as enriching as the rainbow we chase. Let us face the challenges of today with grit and determination so that we truly sparkle like a diamond. In our endeavours we seek not just the blessings of God but the guidance and encouragement of all our well wishers.

Research Project:

The Memoirs project attempts to engage with the formation of Indian identities by navigating the expressions of memories. The project will focus on the various forms of life narratives which emerge from within the Indian context and how that expands the genre to include alternative forms of self-representation beyond the literary text through music, theatre, dance and other genres. The project was conceived in the last quarter of 2017.

 Dr Sanjukta Naskar: Nineteenth Century Christian Conversions: A relook through Memoirs. The presentation, on April 27, 2018, used as case study the life and writings

- of Rev. Lal Bihari Day who is chronologically placed at a time which encapsulates the concerns and anxieties of both the early and later converts of the 19th century, the early approach to Christianity as a faith characterised by rationality and modernity, and the later stance of the Bengali Christians who felt the need to counter the nationalist accusations and denationalisation.
- Ms Indu Jain: Feminist Interventions in Anamika Haksar's Productions. The presentation on October 10, 2018, focused on feminist performance processes, training methods and the pedagogical vocabulary used by Anamika Haksar, which according to her, addresses the lacunae in the existing Indian theatre historiography vis-à-vis visibility to the women's experience of showcasing performances. The paper explored how Haksar's accentuation of sensorial things, soundscapes of area and fluid imagery provoke her actors to focus on their own particular regional identities and memories to bring forward a multi-perspectival worldview through the language of their bodies in performance.
- On October 13, 2018, Dr. Saumya Gupta addressed the students on the methodology
 of engaging with food practices via a historical perspective. She also looked at how
 memories are linked with food practices. The session was beneficial in giving the
 students a conceptual point for their research.
- A **Student Seminar** was held on November 5, 2018, where the students presented individual papers on various aspects of the food practices of Delhi. This was followed by a discussion between the students and various teachers involved in the project. Through this discussion the individual papers of the students were put into two groups of three, with each group collectively producing a paper. The students submitted the first draft of their papers on February 6, 2019. The (working) titles of the papers are as follows:
- 1) The "Authenticity" of Delhi's Food Culture: A Search
- 2) Reuniting the Fractured Factions of Delhi through Food

The students had undertaken various **field trips** to Chandni Chowk, Chittaranjan Park and Connaught Place between December 2018 and January 2019, to further develop their research.

Extension Activities:

Breast cancer is a growing problem and in a developing country like India, this situation is compounded by an acute lack of awareness. This is manifest in the fact that even today, most breast cancer cases are diagnosed in advanced stages. In a world where Breast Cancer cases are increasing exponentially, it is important for educational institutions to join hands with the medical fraternity and build bridges to help spread awareness about the disease. It is with this rationale that JDMC joined hands with Bliss Foundation to spread awareness about Breast Cancer through the initiative—Committed to Conquer Cancer.

Programme Coordinator: Dr Payal Nagpal

Convenor: Dr. Sandhya Garg

Members: Dr. Nisha Malik, Ms. Meghna Singh and Mr. S Shravan Kumar

The college gardens are campus treasures full of tall trees, colourful flower beds and variety of plants that adds to decorative beauty and peaceful environment of college.

Our gardens include Main (front) garden, herbal garden, rose garden with exclusive display of rockery and a green cliff at entrance with name of the college written on it.

During 2018-19, to begin with, the flower beds in entrance (front) garden were re-shaped and new varieties of flowers were added to them. The college boundary walls were decorated with new flowers. 24 new plants (including **bay leaves, cinnamon, miswak, parsley, oregano** etc.) were added to the herbal garden, which already houses **150 varieties of herbal species**. This year students also joined the club as members and participated with full zeal and zest. The members visited noted public gardens to gather new and innovative ideas for developing our gardens better. To top it all, **college garden committee secured Third position**, under 2 categories, **in the University Flower Show, 2019.**

The herbal plants, numbered trees of college and potted plants can be easily identified during garden tour with their popular (common) names and scientific (Botanical) names.
