# **CHAIRMAN**

Message

At the outset, I would like to convey my heartiest congratulations to all the stakeholders of Janki Devi Memorial College for another successful year. I have observed the consistent efforts of the administrative staff to facilitate smooth functioning of the college, whether in a virtual or an offline mode and the constant efforts of the faculty members to ensure that the teaching learning process is unhampered. Most significantly, I applaud the resilient spirit of the students who did not allow the difficulties they faced due to the pandemic to stand in the way of their endeavors to win laurels for the college and themselves. It fills me with pride to learn of the many awards won by the college, especially by the students. Indeed, it fills one with hope about a bright future for the nation.

I am sure that this positive attitude and the passion with which all in the college have been working will take the college to even greater heights. Good luck and God bless.

With best wishes,

Aditya Krishna
Chairman,
Shri Banarsidas Chandiwala

# **GUEST OF HONOUR**

Message

I convey my warm and fond greetings on the occasion of 62nd Annual Day of the Janki Devi Memorial College.

62 years in the life of an educational institution is young enough to retain the ideological fervor of its parentage and mature also to give shape to those dreams and expectations which the Founding fathers must have had at the time of establishing the institute. I am certain that Janki Devi Memorial College has fulfilled many of these expectations and accomplished lots of those dreams. I would like to compliment the principal, faculty, staff and students of the college for their unrelenting efforts in this enterprise.

It must also not be forgotten that the goal of education is multi fold. Preparing youth for the challenge of creative and productive professional career is one of them. Building character which can give to the society and the nation able and sensitive citizens is another. It is only when the youth combines a satisfying profession with the energy to build a strong, inclusive, and vibrant nation to respect the foundation of the nation as contained in the constitution that we will have a community of nation builders.

I look forward to JDMC playing a major role in that project of nation building.

Once again with my best wishes on the annual day,

### Suresh K Goel

IFS Retd.

# **SPECIAL INVITEE**

# Message

When Prof. Swati Pal invited me as Special Invitee for the College Annual Day, she wrote, 'we will be honoured by your presence'. Quite the contrary, it is my privilege and honour to be given this opportunity to celebrate JDMC's 62-year journey in pursuit of excellence. It is commendable that as far back as 1959, its founder, the famous Gandhian Shri Brij Krishan Chandiwala, realized the importance of concentrating on one half of the population that had been deprived of many basic rights, including the right to education. Unfortunately, the situation is not ideal even today, but it is enabling colleges like JDMC which will fill the gender gap in education.

I am not unfamiliar with the College. Several years ago, I was invited to judge an essay competition, following which I interacted with some students during lunch. Their energy and enthusiasm were invigorating. The diversity of students, coming together seamlessly from all parts of India, is the hallmark of an institution of learning and education committed to its mandate.

I also have the privilege of assisting the college in the review process of *Perspectives*, the new online bilingual interdisciplinary journal. This is a wonderful opportunity for students and young faculty to disseminate their research in the public domain, to get feedback, and further enhance academic debate. Knowledge, as we know, is empowering. I applaud JDMC for its long and enduring commitment to women's holistic education to set them on the road to becoming independent and contributing in equal measure to society.

# A TRIBUTE TO MRS. SMITA MITRA

Smita Mitra and I joined Janki Devi Memorial College at the same time. From the outset, it was clear to me that she was an intense person; intensity defined her work ethic, her behavior, her attitude and her relationships. This intensity or passion was also visible in her commitment to the college. From the walls of the building to the students, Smita would engage totally with every aspect giving of herself so much that it almost hurt. She wanted everything to be in harmony and to be beautiful. To make it so, she thought nothing of her health or of the time and would spend hours doing things for the college be it making murals that bear witness to her creativity and aesthetics or tutoring students for hours together. She would always say that she was happiest when doing things for the college and that was evident to all of us who observed her devotion every single day. It was a privilege to have worked with Smita on various committees and the most special of these was the coffee table book committee. Smita gave her all to this coffee table book and the title of the book 'All our Yesterdays' is somehow so apt for Smita herself from whom we cannot separate all the yesterdays she gave to the college. Her contribution to the college will be forever remembered.

Personally, Smita has reached out to me in moments of sorrow and despair; encouraged me to give my best to the college (she has been almost exemplary herself); and has been warm and loving in moments of illness. She has also been appreciative of all that I have tried to do for the college. I do miss her.

## In the Loving Memory of Mrs. Smita Mitra

We all are with silence
In your remembrance
You inspired all of us
With your hard work and diligence
Though you are not there in our lives
But in our hearts you are still alive...

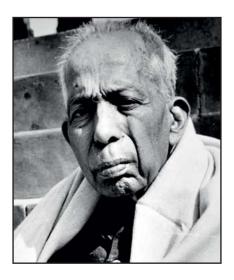

Remembered fondly by her colleagues and students, Mrs. Smita Mitra was an active and cherished member of the Department of History. She was a woman of courage and indeed a great soul. She always had a smile and an inspiring thought to share. Her passion towards painting and art and urge to bring something new to students was always remarkable. She's been a supportive pillar for students and her colleagues. Her commitment and dedication towards her work was impeccable. She maintained a positive outlook despite her ill-health and suffering and she donated her time to the JDMC family. She can disappear from our sight but she's always in our heart. We grief her untimely demise on 31 August 2021. May her soul rest in peace wherever she is.

Department of History,

# FOUNDER OF THE COLLEGE

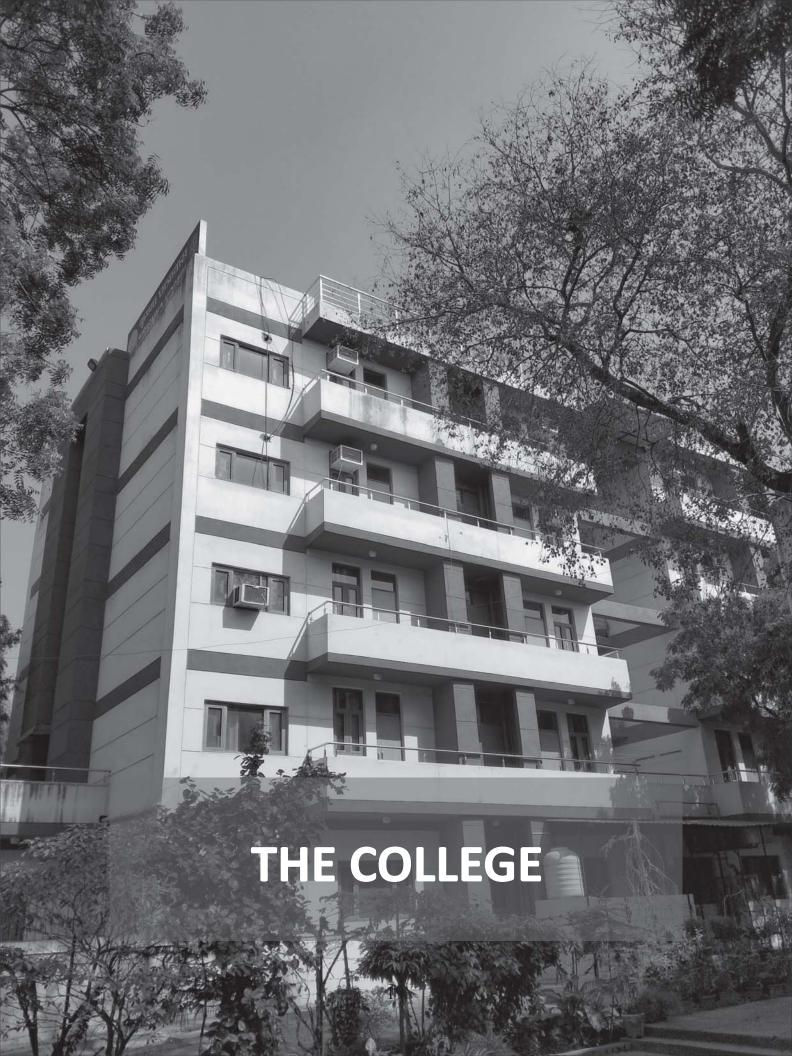

Shri Brij Krishan Chandiwala (1900 - 1986)

Shri Brij Krishan Chandiwala, the founder of Janki Devi Memorial College was born in 1900 in a reputed family. As the third son of a flourishing silver merchant's family, there were no domestic pressures on him to join the family business. After the early demise of his wife, he joined the freedom movement led by Gandhiji. His mother's entreaties to remarry fell on deaf ears. Brij Krishanji became a true disciple of Gandhiji. He went to jail several times during the freedom movement. When Gandhiji started the agitation against the Salt Law, Brij Krishanji took an oath to give up salt and sugar for life. He was forced to break this vow in the last days of his life on health grounds.

At Gandhiji's behest, he had a prayer temple built in a Harijan Colony. He started the Delhi chapter of the Bharat Sewak Samaj, an organization for the upliftment of the downtrodden.

In 1959, Shri VKRV Rao, the then Vice-Chancellor of Delhi University appealed to the wealthy philanthropists of the city to come forward to open girls colleges in Delhi. It was then, that Brij Krishanji who had no children, donated all his inherited wealth to the family trust Shri Banarsidas Chandiwala Sewa Smarak Society which in turn funded the establishment of Janki Devi Memorial College in memory of his late mother Smt. Janki Devi.

Today Brij Krishanji is remembered for his social service and closeness to Gandhiji. When Nathuram Godse fired that fatal shot, Bapu fell backward into the arms of Brij Krishanji who was sitting right behind him. Till his very end, this great visionary remained our mentor and guide.

# THE COLLEGE

Janki Devi Memorial College (JDMC) aims to provide quality education to young women and empower them to become self-reliant and contribute meaningfully to the world at large. Founded in 1959 by the eminent Gandhian Shri Brij Krishan Chandiwala in memory of his mother Smt. Janki Devi, today JDMC is one of the most distinctive institutions of Delhi University. With its lush green lawns and imposing building, the college is like an oasis in the midst of a busy commercial area.

The college offers education in liberal arts, social sciences, mathematics and commerce. The college moves beyond the curriculum and offers short-term add-on courses. This academic session, the college offered thirty seven add on courses ranging from topics like *Entrepreneurship Development* (with focus on green and social entrepreneurship), to *Gender Health and Social Work* and thus the canvas has been vast and diverse

JDMC boasts of a well-equipped and well stocked library with more than 90 thousand books and subscriptions to 69 (National and International) journals/magazines catering to the needs of students pursuing different courses and 11 newspapers (English and Hindi). The library has an air-conditioned reading hall and stack room. It is now fully computerized using web-based Libsys Software (an integrated Library management system) and all the housekeeping jobs are performed through this software. The library endeavours to provide access to its database through multiple terminals, twenty-five laptops and steady internet accessto e-resources. To enable equal access to the visually challenged, the library has installed a screen reading software, NVDA. It also arranges for Braille and talking books. We are one of the few colleges to hold a *library festival* marked by various book-related competitive events and talks by luminaries.

Apart from providing students, faculty and non-teaching staff, with learning and enabling environment, the college offers great facilities, good infrastructure and dedicated administration of college premises and affairs. The college has a well-designed office block, a union room, a beautiful common room, a clean and spacious medical room with such facilities as a sanitary napkin vending machine, a comfortable staff room, individual departmental rooms, seminar hall, committee room, computer labs, sports infrastructure, photo-copying facilities, a large and modern cafeteria and an open air auditorium, and two research rooms for teachers.

The College endeavors to improve existing infra structural facilities and has recently installed multimedia units and smart boards in a few classrooms. Language lab facilities through the use of software that offers learning of six languages: English, Hindi, Sanskrit, Chinese, German and Spanish, an e-resource centre and a recording room are the new additions this session.

We are proud to have a beautiful hostel for 105 outstation students. It was inaugurated by the former Honorable President of India, Late Shri Pranab Mukherjee. The hostel also houses crèche facilities for all who may require them for their infants.

Our college has a disabled friendly environment, with ramps, toilets and elevator-access that cater to specific needs of the visually challenged students' and faculty. We have braille signage as well as tactile surfaces present all along the college – the former was sponsored by the Alumnae Association.

Our founder, Bhaiji, built this college with the single-minded aim of empowering women. The Women's Development Centre, National Cadet Corps, National Service Scheme and the Gandhi Study Circle provide an opportunity to our students to engage with social issues like legal literacy, women's health and empowerment and adult education. The College recognizes the need for students to make informed choices and to be aware of all that happens in the larger world. International and national seminars, talks on contemporary issues held by departments through the academic session, provide the right kind of intellectual impetus for students to analyze and evaluate critically.

JDMC has also actively encouraged projects such as the Women Entrepreneurship and Support Training (WEST) project undertaken by the college in collaboration with The Netherlands Embassy and the ECORYS, knowledge partner of the Netherlands government, in 2014. In addition, The Career and Counseling Cell is committed to providing placements and internships to JDMC students, relentlessly pursuing the job market for prospective jobs.

Academic rigor is maintained in college through tutorials, preceptorials and presentations under the CBCS which are taken very seriously along with the tutor-ward/contact/counselling programmes which help keep a finger on the pulse of the students. The College is genuinely concerned about students who face academic challenges. We have been holding regular remedial classes every semester so that students with academic problems can benefit from them. Economically challenged students too benefit greatly through measures taken by the Equal Opportunities Cell such as the free meal for the students. We have also embarked upon a mentor -mentee system this academic session and indeed this will be yet another platform for students to receive personalized guidance from their teacher mentors.

An extremely important development has been the establishment of Centres within the college. These are the JDMC IQAC Research Centre; the JDMC IQAC E-Resource Centre which includes the Website committee and the e-Journal committee; the JDMC IQAC Centre for Career Counselling, Career Opportunities and Skill Enhancement, the JDMC IQAC Centre for Universal Ethics and Values, the JDMC IQAC Centre for Extension and Outreach Activities and the JDMC IQAC Gender Equity Centre. The dynamic college website provides details of all the work being done within the Centres.

The college is concerned about not just the intellectual and academic growth of its students but also the mental health of all who are a part of the JDMC family. The pandemic threw multiple challenges of mental health. The members of the Counselling Committee and counselling psychologist, Ms. Saniya Bedi, played an active role during this period taking care of the emotional and psychological needs of students. Group sessions and peer-group training were organized for students and counselling was done on one-to-one basis for the students in need.

Besides bagging university positions in different disciplines every year, the college also strikes a fine

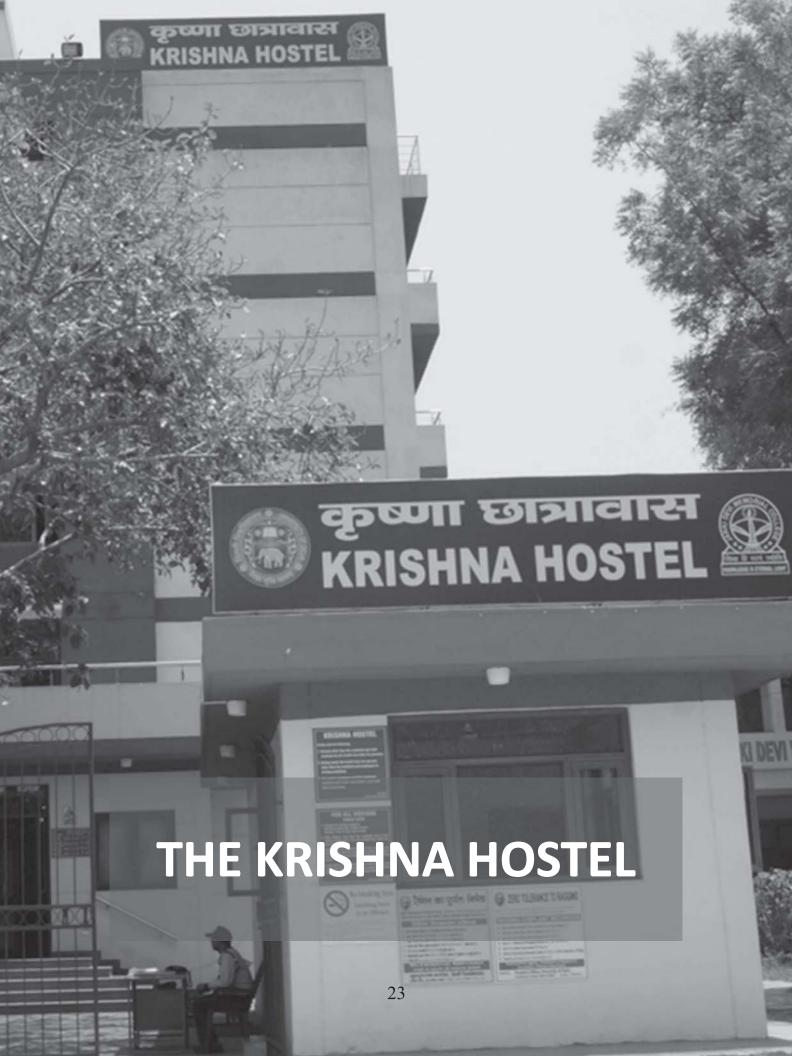

balance between the academic and co-curricular. More than two dozen clubs and societies that hone student talent in performing arts, entrepreneurship and creative writing, are available for all students in the college. JDMC believes that the curriculum and the text book is not the only way to gain knowledge or to progress. Apart from the research projects and add-on courses taken up by students and teachers of all departments, internships and placements are also facilitated by the students.

The Physical Education Department obviously had few opportunities for sports this academic session. Yet, the students not only took advantage of those that came their way but also won laurels for the college in such events as Taekwondo, Yog, Pistol Shooting, Sqay Martial Arts, Throw ball, Handball, Athletics, Football and Hockey.

Our college gardens never fail to fetch admiring glances from visitors. This year JDMC won fifteen prizes at the Annual Flower Show and Garden competition held by the University including, as a hat trick, the Jagrani Devi Memorial Cup for best bonsai as well as the Meenakshi Gopinath Cup for best herbal garden. It is worth mentioning at this point, that ours was the first college to install a rain water harvesting system which has been rated as one of the best in Delhi by the Centre for Science and Environment and has won the Chief Ministers prize for Institutional Rain Water Harvesting. In keeping with our mission of recognizing our responsibility towards the environment, the college has an active environment programme which covers rain water harvesting, recycling, composting, solar lighting, CFL conversion, and campaigning for a tobacco free zone. We have installed a solar power grid of 88 KW in collaboration with Azure Solar Power Ltd. The Hostel has been provided with solar water heaters. The college received a District Green Champion Award for the Academic Year 2021-22 by Mahatma Gandhi National Council of Rural Education (MGNCRE), Ministry of Education, Government of India for adopting and implementing best practices in the areas of Sanitation, Hygiene, Waste management, Water management, Energy Management and Greenery management. The College was recognized as a Swachhata Action Plan Institution as well as a Sustainable Campus institution.

Time and again, the college has proved to be resilient in the face of many challenges. At a time when the entire world is dealing with the pandemic COVID 19, the college once again proved that it was quite capable of handling the most difficult of circumstances. Teaching learning, examinations and assessment have been meticulously carried out through online platforms by the dedicated faculty. The college has been kept clean and green with a skeletal staff of gardeners and cleaners who are committed to taking care that the college stays a safe space. Every effort has been made to create a sanitized environment by adopting sanitization techniques and following rules and regulations of social distancing. Activities and events of the college have been taking place virtually and the webinars held by the college have received much acclaim. Fee assistance has been provided to a number of students whose families have been particularly affected by the pandemic by a specially constituted fee assistance committee that follows well defined rules for the same.

The college is exemplary in every way, be it academics or extra and co curricular activities. There can be no doubt that the college is making every effort to live up to the theme, *Azadi: a chance to be better.*

# PRINCIPAL'S ANNUAL REPORT 2021-2022

Good morning. Eminent guests, Chairperson and members of the Governing Body, faculty members and non-teaching staff (both currently serving as well as those retired), friends and dear students, I am delighted to welcome you all on the occasion of the successful completion of an academic session of Janki Devi Memorial College — a much-awaited offline Annual day where we can congratulate each other in person. This academic session has seen the college attain new heights and add many more feathers in its cap as the Annual Report will clearly reveal.

It is my privilege to welcome Ms. Akriti Sagar, IAS, DM (Central) who has very kindly consented to be our Chief Guest. I am indebted to you Ms. Sagar for agreeing to make time for us and I am sure that your presence as a young IAS officer is inspirational for our young students. It is a pleasure to welcome our Guest of Honour, Dr. Suresh K Goel, Former DG, ICCR, a veteran IFS Officer of the 1978 batch. Your rich experience as Ambassador and your support of cultural projects is laudable and we look forward to your observations. I am also delighted to welcome Ms. Omita Goyal, Chief Editor of the IIC Quarterly, our Special Invitee. Ms. Goyal, we have a lot to learn from you and your exciting career as an academic publisher in particular. I am grateful to Dr. Kusum Krishna, the Chairperson of the Governing Body for consenting to preside over the Annual Day event. I warmly welcome you all on behalf of the entire college.

I would like to put on record my appreciation for the unflagging support and encouragement given to us by Mr. Aditya Krishna, Chairman, Shri. Banarsidas Chandiwala Sewa Smarak Trust Society, Dr. Kusum Krishna, the Chairperson of the Governing Body and indeed all members of the Governing Body. Your constant appreciation of all our efforts and your guidance and encouragement is invaluable and all of us in college benefit greatly from it. It motivates us to set new benchmarks for ourselves.

Before presenting the Annual Report, I would like to pay homage to four wonderful souls who were dedicated to the college and whom the cruel hands of destiny snatched away from us. Mrs. Sarita Mathur, one of the founder members of the History Department and Ms Smita Mitra also from the Department of History who left for their heavenly abode in May and August 2021 respectively; Dr Hem Bhatnagar, Retd Principal of the college who passed away in January 2022. All of them have been exemplary in their commitment to the college. We also remember Sh. O.P. Gupta, who served as Administrative officer (Accounts), who passed away suddenly in May, 2021. We are the poorer by their absence and we remember them with deep respect and affection. May their souls rest in peace and may they continue to inspire us for all times to come. I pray that the families have the strength to cope with the terrible loss.

The theme for the year is in keeping with the *Azadi ka Amrit Mahotsav* being celebrated by the nation. *It is Azadi: A Chance To Be Better* and in hindi, आज़ादी: उत्कृष्ट से उत्कृष्टम की ओर एक अवसर. Azadi is not just freedom from colonial rule. It is a decolonization of the mind. It is freedom from all that hinders progress. It is imperative, if we must evolve as a community of people belonging to the same nation, that we fulfill our duties, that we respect the rights of all people and that we keep our minds uncluttered by outdated beliefs, regressive ideas and superstitions. We must march ahead towards excellence and I sincerely believe that this institution makes every effort to do so.

At the outset, I would like to announce that the College received a *District Green Champion Award* for the Academic Year 2021-22 by Mahatma Gandhi National Council of Rural Education (MGNCRE), Ministry of Education, Government of India for adopting and implementing best practices in the areas of Sanitation, Hygiene, Waste management, Water management, Energy Management and Greenery management. The College was also recognized as a *Swachhata Action Plan Institution* and a *Sustainable Campus* institution. I must put on record my deepest appreciation for the collective efforts of the teams Avani, Upvan, EVS, NCC, NSS, the Building and Maintenance committee and the concerned administrative and support staff for the

attainment of these accolades.

Another very special initiative that must be mentioned right away is the implementation of the Vidya Vistar Scheme by the IQAC. The College entered into a collaboration with Mahatma Gandhi Govt. College, Andaman under the Vidya Vistar Scheme of Delhi University. As a part of this collaboration a two day (Online)National Seminar, "Tribes: Learning and Unlearning Tribal Culture" was organized on December 9 and 10, 2021. The conference proceedings are being compiled in a volume, and will be published in May, 2022. Kudos to the conference team and the team putting the volume together.

I am also extremely delighted to announce that the Academic and Executive Council of Delhi University has approved of the college offering three brand new disciplines belonging to the Mathematical Sciences-Operational Research, Statistics and Computer Science. In the years to come, these courses will surely change the nature of the college for the better.

To highlight some of the academic achievements of our students:

The college did not forget its social responsibilities as it pursued its academic and co-curricular objectives. The four units of the JDMC-IQAC Centre for Extension and Outreach Activities, namely Community first Initiative, NCC, NSS and Samarth, Enabling Unit have been actively engaged in conducting sensitization programs of various kinds throughout the year. The college has always worked as a collective with equal responsibility of all stakeholders. As always, my admiration for the Students Union and the Staff Advisors for the energy and zeal with which they conducted all activities through the yearcannot be adequately expressed in words.

Apart from the Student Union activities and events, all the Clubs, Societies and Departmental associations as well as Centres engaged in innumerable activities all through the year from conducting online workshops, national and international webinars and intra as well as inter college events and competitions. More than 90 webinars were held this year, in addition to 10 international webinars, 12 national webinars, and 4 international conferences. This allowed the students the benefit of expertise and the chance to interact with the best minds in various domains and disciplines.

Besides the JDMC-IQAC Centres for Extension and Outreach activities and the Career Counselling, Career Opportunities and skill enhancement whose achievements have been mentioned earlier in the report, the remaining JDMC-IQAC Centres too have been doing a considerable amount of work.

One of the most laudable achievement's has been of the Website committee, which is a unit of the JDMC-

IQAC E-resource Centre. The team has also created a new and more dynamic website for the college. The website team created a new website for the six JDMC-IQAC centres. The JDMC website, launched in the first quarter of 2022, presents a panoramic view of the work done by the college, placing special emphasis on accreditation processes. It is more vibrant and provides greater scope to map the many achievements of the college. This has been a tremendous achievement and it is our pleasure to invite all to access the website and learn even more about the college.

The JDMC–IQAC Research Centre has in a short span of two years created an entire ecosystem for research in the college which is truly laudable. In this session, 16 faculty projects funded by the college and 3 faculty projects funded by external sources, 55 student projects funded by the college, mentored by teachers and 31 independent research projects by students, have seen the light of day. Not only are these numbers extremely appreciable, what is distinctive is the quality of research work being done and the steady growth of research ability and acumen among the students. This is a pre requisite of the National Education Policy and I am proud of the way in which the Research Centre has implemented it.

The Centre for Universal Values and Ethics has three strong arms- Avani, Chetna and the Gandhi Study Circle. All three have been working relentlessly to create an environment that fosters the right values through webinars, add-on courses, activities and competitions which the subsections of the Annual report have detailed. The Centre is greatly responsible for the college being awarded the District Champion award as well as Swacch Campus recognition by the Ministry of Education.

The JDMC- IQAC Centre for Gender Equity Studies too has been prolific in the number of events and activities that they have organized through the year. From a short term five-day online course on 'Queerness and Society' to seminars on gender relevant issues, inter-college competitions, sensitization programmes, group discussions and celebrations of gender empowering events, the Centre has been very active and stimulating indeed.

The college has entered into 12 MOUs with industry/NGOs and other academic organizations such as Alfalah School of Medical Sciences and Research Centre, Faridabad - to conduct first aid and safety measures training, Win Vinaya Foundation - To build capacity for deepening diversity and inclusion, TNS India Foundation - To conduct employability training, career counselling and job placements, Zenith Diet Mentors Pvt. Ltd. - to conduct a certificate course on - Clinical Nutrition and Dietetics. The college has collaborated with Mahatma Hansraj Faculty Development Centre, Hansraj College, University of Delhi and Teaching Learning Centre, Ramanujan College, University of Delhi, to provide faculty development programs to faculty members across the country. JDMC has collaborated with Janki Devi Vocational Centre to enhance capacity building and entrepreneurship skills of students as well as to offer an add-on course in French. JDMC has also conducted certificate courses and add-on courses in collaboration with Aditi Mahavidyalaya, University of Delhi and Institute of Advanced Sciences, Dartmouth, MA, USA. The EVS Department collaborated with Bhartiya Shikshan Mandal (BSM), Delhi Prant for a virtual workshop on 'Nadi Ko Jano' for all the students of the college.

I must congratulate the various teams that are responsible for the publications within the college. Team Perspectives for the blind peer reviewed faculty online journal for their second issue of the Journal focusing on the theme of the pandemic and soon to be uploaded; the Philosophy Department for their department magazine, *Meraki*; the Economics Department for *Ecogene*; the Political Science Department for *Speculo* and *Soch* by the Sociology Department. Also, the English Department literary blog for students called *lettered in yellow* and a brand new magazine called *Ensight*launched just recently by the Entrepreneurship cell of the college. I wish to convey my warmest appreciation for team *Janki*, the annual college magazine which has established itself as a distinctive and much awaited magazine within the

University and outside it.

The college has continued to take care of the mental health and emotional well being of all stakeholders through the counseling sessions provided all the year through by the Counseling committee of the college.

One of the major reasons for the phenomenal amount of work done by all stakeholders of the college is the role played by the Internal Quality Assurance Cell of the College led by Dr. Shilpa Chaudhary, the Coordinator and mentored by Dr. Jitender Gill. There has been a relentless effort to improve the quality of the teaching-learning process and to adopt best practices of governance. While details of the multifarious initiatives of the IQAC can be found in the report, what must be mentioned here is the facilitation by the IQAC of the collaboration with Mahatma Gandhi Govt. College, Mayabunder, Andaman and Nicobar Islands under Vidya Vistar Scheme, University of Delhi and Data collection for National Institutional Ranking Framework (NIRF). The college participated in NIRF for the first time and submitted its data for NIRF-2022 for which the team led by Dr. Shilpa Chaudhury and Prof. Sandhya Garg deserve all credit.

Many events were conducted by the IQAC of which a few could be mentioned such as 'IPR Awareness Programme' under National Intellectual Property Awareness Mission (NIPAM) for all students and faculty. The college received a Certificate of Appreciation from Controller General of Patents, Designs and Trademarks, Govt. of India; Mentoring sessions for students and parents of first years; One Week Capacity Building Workshop on 'Enhancing Administrative Efficiency in HEIs' for teaching and non-teaching staff in collaboration with TLC, Ramanujan College, University of Delhi; NAAC Sponsored National Seminar on 'Building Institutions- Role of Accreditation Process and Stakeholders in HEIs in light of National Education Policy 2020'; National Webinar on 'National Education Policy 2021: Opportunities and Challenges in Implementation'(in collaboration with NEP Implementation Committee); workshop on 'Open Data' with the World Bank (in collaboration with the Economics Department); a talk on 'National Education Policy 2020: Salient Features'; a talk on 'Copyright Issues in Academic Research' (in collaboration with Research Center); Seminar on 'Code of Conduct and professional Ethics'; Webinar on 'Library and Information Science as a Profession' (in collaboration with JDMC Library); 'Mentoring Sessions: An Interaction with Prof. Swati Pal, Principal, JDMC,' eleven (department-wise) sessions conducted during July 2021 for all students of college; Webinar on 'Enhancing Quality in OBE Evaluation;' 'World Environment Day' on June 5, 2021 (Avani, the Environment Club and IQAC).

Pratibha, the Centre for Foundation Classes under the aegis of the IQAC has successfully completed preparing the fifth batch of students whose aim is to clear various competitive examinations.

I would like to also document the work done by the NCWEB Centre of the college. It has been extremely difficult for the NCWEB to function online but the entire team led by their coordinator have risen to the occasion and been successful. In addition, I must thank the Janki Devi Vocational Centre and the Director, Ms. Madhuri Verma who have been extremely supportive and have entered into a collaboration to offer new add-on courses to the students as well as to help beautify the library through art work.

The College support staff – whether it be the guards at the gate, the gardeners who weather the harshest of seasons, the safaikaramcharis, the technical assistants and of course the overseers, i.e. the caretakers—all deserve mention for their constant support and dedication to the college. I would like to thank the Canara Bank officials for their efficient services and I also acknowledge the support of Doctor Chugh, our medical officer as well as Ms. Sushma, the college nurse.

It would be fitting to mention that the college would not have been able to function smoothly without the cooperation of the three wings that form the non-teaching section of the college, the administrative staff, the accounts staff and the library staff. They have been a pillar of strength and efficiency in the most trying of circumstances and we must appreciate them all.

A number of other committees and individuals worked tirelessly through the academic session such as the Teachers in charge of all departments, Centre core team members, Admission and Admission Grievances Committees especially Nodal Officer, Attendance Committee, Workload Committee, Time-Table Committee, Examination Committee, Library Committee, Decoration Committee, Discipline Committee, Building and Maintenance Committee, Hostel Committee, Website Committee, Canteen Committee, Refreshment Committee, ICT and Automation Committee, Covid Task Force, Swachhata team, Nadi Ko Jano team, Internal Complaints Committee, Apex Grievance Committee, SC/ST/OBC Liasion Officers, the College Bursar, the Staff Council Secretary, the PIO, the Magazine Committee, the Nodal Officer for Foreign students and Kashmiri students, NESG Committee, Anti-Smoking and Anti Ragging Officers, Prospectus Committee, Prize Distribution Committee, Equal Opportunity Cell, Enabling Unit, Publicity and Media Committee, IQAC-Promotion Committee, NEP Committee, NIRF Committee, Provident Fund Committee, Purchase Committee, Moderation and Monitoring Committees, Alumnae Executive Committee, Counselling Committee and the College Grievance Redressal Committee. I must also mention the efforts of the Internal Audit Committee which painstakingly audits the work of the Administrative office, Accounts Office and the Library which helps to redress weaknesses and enhance strengths.

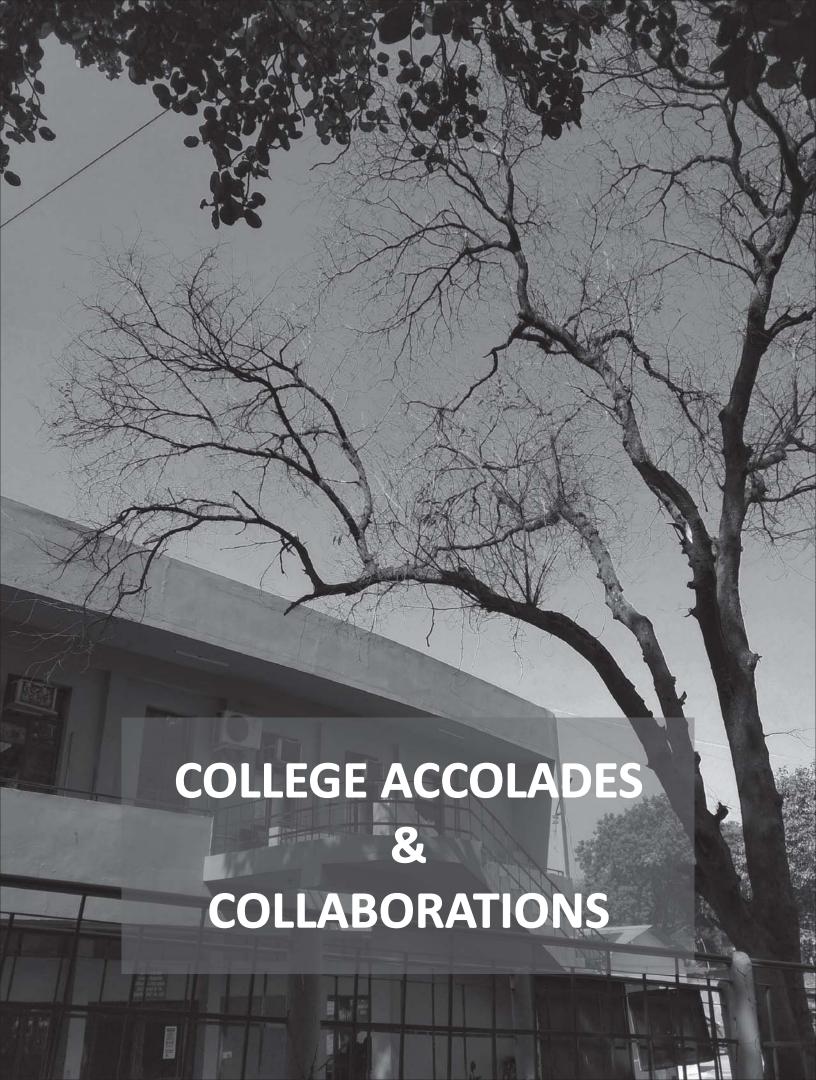

The Garden Committee and their club, Upvan, have done a splendid job not only in maintaining the college lawns and gardens. They have also added a large number of herbal and indigenous plants. As many as fifteen prizes were won by our college at the Annual University Flower Show under various categories including for the third time, the Rolling Trophy, the Jagrani Devi Memorial Cup for the first prize for Bonsai. The college also won the Meenakshi Gopinath award for Best herbal Garden. We are proud of our green campus and are indebted to all who make it so.

The Annual Report Committee makes it possible for us to take stock of all that we have achieved in the academic session and I am really grateful to them for the Report which has evolved into an aesthetically pleasing document; as also to the power point presentations handled by the committee. My personal thanks to all members of the committee: Rajshree Chandra, Sangeeta Gupta, Deepti Sethi, Tanu Gupta, Kanika Kakkar, Pavan Kumar, Raju Keshari, Sonia Gandhi, Faisal, Sakshi Bansal, Tannu Sharma, Richa Sharma, and Meghna Suarana as also to the assistance provided by Mr. Surender. I must thank the Prize Committee too for their painstaking efforts to ensure that all prizes are chosen well and given to the right person.

A number of infra structural developments can be seen on campus including a wonderful e-resource centre and the creation of a recording room; the ongoing construction of a computer lab and the soon to commence mezzanine floor in the library. Many ICT facilities like language lab facilities through language software offering English, Hindi, Sanskrit, French, German, Chinese and Spanish languages; enhanced audio-visual equipment and smart boards in classrooms; enhanced ICT facilities in the library. There is also a lot of repair and renovation work that the college has undertaken to maintain the infrastructure. And the most striking of these is the reconstruction of the non-teaching staff quarters. For this we owe a debt of gratitude to Mr. Aditya Krishna for his great generosity and to Dr. Kusum Krishna for her constant support to the college whether it is financial or moral. I must record my deepest gratitude to all members of the Governing Body for their keen interest in all that goes on in college and their sound advice and guidance to govern the college.

As we complete one more academic session, it is my conviction that the college is indeed on the right track, the track of excellence. Let us pledge to lead the college to the greatest heights. Together, we can.

I thank you all from the bottom of my heart.

#### 3 - YEAR JOURNEY - RAISING AWARENESS FOR RETINOBLASTOMA

Like 0 Tweet Save Share 2

Retinoblastoma is the most common intraocular cancer in children. One out of 15,000 children suffer from this malignancy. Typically, parents notice that one or both pupils turn white and their child has difficulty seeing. In 2017, a university in New Delhi, India initiated a long-term project to detect that white eye reflex in children. It was spearheaded by Nirmala Muralidhar, the project coordinator of Janki Devi Memorial College, under the direction of Dr. Vikas Menon, their consultant ocular oncologist. What began as a student faculty project, in November 2017, it transformed into a larger initiative where a Non Governmental Organization (NGO),

The long-term goals of this project included sensitizing families to the appearance of the white eye reflex, stirring awareness amongst doctors about retinoblastoma and prompting parents to be aware of their children's eye health. Using photography as a tool for early detection, they created awareness of children with special needs who suffer from retinoblastoma. Though these objectives were slowly accomplished over 3 years, there were many activities, learning opportunities, and research studies presented to educate the public. The Strides for Retinoblastoma was most profound and heartfelt, as an RB survivor led a walk with over 200 people during World Cancer Day on February 4, 2018.

While many research studies are able to spread awareness of retinoblastoma within the healthcare professional world, this initiative is unique as its audience was varied. It included parents, children and healthcare workers. All were involved in this coordinated campaign to save both vision and life.. The Eye Cancer Foundation continues to be determined to create awareness of retinoblastoma, to supply trained eye cancer specialists to underserved communities and is more than proud to announce the success of the JDMC awareness campaign.

# सम्पादकीय 🗷 इच्छाशक्ति के अभाव में नहीं करते निगम पार्षद जनसेवा के कार्य

स्वच्छता सर्वेक्षण में उत्तरी. दिल्ली नगर निगम का प्रदर्शन 45वें स्थान पर है। इंदौर की तरह स्वच्छ शहर बनने का सपना तभी पूरा हो सकता है, जब लोगों के साथ-साथ जनप्रतिनिधियों की भी इच्छाशक्ति प्रबल होगी । कुछ जनप्रतिनिधि अपनी इच्छाशक्ति इसलिए प्रबल नहीं रख पाते हैं कि वह समझ जाते हैं कि अगली बार उन्हें टिकट तो मिलना ही नहीं है तो फिर क्यों फिजूल की सर खपाई करें, जनता के कार्यों के लिए। हां, यह बात ओर है कि जब पार्टी हाईकमान का अथवा प्रदेश अध्यक्ष का फरमान हो तो उन्हें मजबूरन अवश्य ही कुछ काम करना पड़ता है। वह भी तब जबतक उनका आदेश रहता है। कुछ पार्षद 5 वर्ष पूरे होने के नजदीक होते हैं तो सत्ता के गहरे नशे से बाहर आते हैं कि अब अगर सत्ता में बने रहना है तो कुछ तो काम कर ले।

ऐसे एक निगम पार्षद महोदय हैं जो पूरे साढ़े 4 साल सोए रहे और अब कोशिश में है कि उनके वार्ड में कूड़ाघर बंद होकर कंपैक्टर मशीन लग जाए। अब सवाल यह उठता है कि सफाई व्यवस्था को बेहतर बनाने के लिए प्रत्येक वार्ड में कंपैक्टर लगाने की योजना जो वर्षों पुरानी है, तो अब उसके लिये कोशिश क्यों की जा रही है? कारण स्पष्ट है कि यह पार्टी हाईकमान का दबाव है, क्योंकि चुनाव भी नजदीक आ रहे हैं और सफाई व्यवस्था को लेकर दिल्ली का उत्कर्ष परिणाम ना होना भी एक इसका कारण है। इस बारे में पार्टी नेतत्व को सोचना होगा। - श्रीओम शर्मा
