Visit to Gangaram hospital

Location: Block E Paediatric Ward, Ganga Ram Hospital

Team Members: Roopam (1st year), Riya (3rd year), Aastha (1st year), Preethi (3rd year)

As sociology students from Janki Devi Memorial College, we, Astha, Preethi, Riya, and Roopam, set out on our little live journal to color a few aspects of the kids in the oncology department of Ganga Ram Hospital. We entered the hospital premises with a lot of question marks, yet aiming to be the exclamation marks of a smile on the kids' faces.

Brief Report:

The session held at the Seminar Room of Janki Devi Memorial College on October 24, 2024, commenced at 10 AM. With over 35 students participating, the event began with the encouragement of women in the Workplace. This session emphasizes that Women are excelling in various fields today, particularly in education, where they emphasize personal growth, communication, and liberal arts. Despite their academic achievements, they face challenges in the workforce, such as being less likely to apply for jobs unless they meet all qualifications and being less inclined to negotiate salaries compared to men. However, learning management, marketing, and financial skills have become crucial for professional growth. The evolving nature of education highlights the need for practical skills, like data analysis, over outdated knowledge, as exam scores alone do not define an individual's potential.
