OBSERVATIONS

A vast majority of the students i.e. almost 96% of them expressed that the course has provided them a very good understanding towards the subject. Majority of them strongly agreed and agreed that the course has helped them to understand the basic concepts of contract formation. Students said that the course helped them to recognise special contracts and differentiate between them. The students seem to be well equipped with their legitimate rights and obligations. Few students expressed their opinion that this course did not enable them with skills to initiate entrepreneurial ventures as LLP. A very small percentage of students feel that they are neutral in terms of understanding the subject.

ACTION TO BE TAKEN REPORT

In order to further more improvements amongst the students, more emphasis will be laid on giving real life examples and cases to them. Apart from this, opportunities will be provided for students to have group discussions on law cases. This would help them to gain perspective on the case from both the sides. Such students would be provided with remedial classes and tutorials to help them better comprehend and revise the course details. For making the subject more interactive in content, videos and case studies are included in the classroom interactions. Students will be given opportunities to participate in cases through role play and debates as well. Measures will be taken to make the subject more engaging and appealing to the students in order to ensure higher attendance on their part. The interplay of law with other dimensions of reality will also be focussed upon.
