# What's your IKIGAI?

What is your reason for being?

According to the Japanese, everyone has an *ikigai*—what a French philosopher might call a reason of life. Some people have found their *ikigai*, while others are still looking, though that's not a problem.

Our *ikigai* is hidden deep inside each of us, and finding it requires a patient search. According to those here on Okinawa, the island with the most centenarians in the world, our *ikigai* is the reason we get up in the morning.
