### Field Trip to Delhi Art Gallery – October 15, 2024

On October 15, 2024, Heritage – The History Association organised a field trip to the Delhi Art Gallery (DAG) for students of the Department of History. The visit was aimed at exposing students to the rich legacy of Indian visual arts and providing experiential learning outside the classroom setting. Students explored a range of modern and contemporary artworks housed in the gallery, including collections from key Indian artists. The exhibits helped students connect historical narratives with artistic expressions and examine how visual culture reflects political, social, and cultural developments. The gallery visit was guided by DAG's curatorial staff, who offered valuable insights into the techniques, styles, and historical contexts of the artworks on display. This hands-on exposure fostered deeper appreciation of art as a historical source and sparked critical discussions among students about art history, patronage, and nationalism. The trip also allowed students to observe curatorial practices and understand the functioning of heritage institutions. Overall, the visit to DAG proved to be an enriching and intellectually stimulating experience that aligned with the educational goals of Heritage – The History Association, strengthening the department's commitment to integrating classroom learning with field-based engagement.
