3. Goonj winter collection drive

Brief Report:

Janki Devi Memorial College, in collaboration with Goonj, successfully organized a Winter Collection Drive to support vulnerable communities during the harsh winter months. As part of this initiative, students and staff donated warm clothes, blankets, sweaters, woollen caps, socks, and shawls. The drive aimed not only to collect winter essentials but also to raise awareness about resource conservation and dignified giving. Goonj, with its structured logistics and grassroots network, ensured that all collected materials were properly sorted, repurposed if needed, and distributed respectfully to those in need across rural and underserved areas.

The collaboration encouraged student participation, community engagement, and highlighted the importance of sustainable social action. The event reflected JDMC's ongoing commitment to social responsibility, empathy, and environmental consciousness. This drive was part of a broader series of social outreach efforts carried out under JDMC's partnership with Goonj, inspiring students to contribute meaningfully to society.

Brief Report:

Floods are among the most devastating natural disasters, often resulting in widespread destruction, displacement of communities, and severe economic losses. The recent flooding in Delhi has had a profound impact, leaving thousands without homes, access to clean water, and essential supplies. In response to this crisis, a flood donation drive was initiated from August 1 to 15, 2024 by Avani in collaboration with Goonj to support the relief efforts aimed at providing immediate and long-term assistance to those affected. The drive was conducted over a period of 15 days where students and teachers played a pivotal role in contributing significant amount of clothes, shoes, essential supplies, and food items. This drive showcased Avani's compassion and concern for humanity as all its members came together to support those affected by the floods. The contributions made by both students and teachers have been invaluable in providing much-needed relief to the flood victims. On August 21, 2024 55 cartons of essential items collected as a part of this drive were sent to the Goonj center.

17. Green walk (Swachhata Pakhwada 2024)

Brief Report:

Avani, The Environment Club, JDMC organised an Environment Walk on September 20, 2024 where the students participated in an insightful environmental walk organized by the college. This event aimed to highlight the institution's commitment to sustainability and its various environmental initiatives.

During the walk, students explored the biodiversity trail, where they learned about native plants and their roles in the ecosystem. The trail not only promotes awareness of local flora and fauna but also serves as a living laboratory for environmental studies.

Additionally, the students visited the college's kitchen garden, which is maintained by the college staff and volunteers. Here, they discovered sustainable gardening practices and the importance of local food production. The Kitchen Garden exemplifies the college's efforts to reduce carbon footprints and promote healthy eating. Overall, the environmental walk fostered a deeper understanding of the college's environmental activities and encouraged students to engage in sustainability practices within their own lives.

Counselling Committee

1. Mental health hygiene: Developing understanding and building skills

Brief report:

The Counselling Committee organised a session on “Mental Health Hygiene: Developing Understanding and Building Skills” for SEC: Public Health, Hygiene and Nutrition students. Ms. Niharika Gupta began by showing a visual on maintaining mental health and discussed how daily environments impact our mental well-being.

She explained overt (visible) and covert (invisible) signs of stress, and used an image of a bucket to illustrate stress factors and coping strategies. Emphasising the importance of consistent self-care, she encouraged daily practice of coping methods like yoga, hobbies, exercise, and mindfulness. Ms. Gupta also taught us how to frame mental health questionnaires, suggesting the use of indicators like environment or food, and the preference for close-ended questions. Students participated by drafting questions, which she reviewed. A key takeaway was the concept of compartmentalization—organising thoughts to manage stress more effectively. She stressed the need for multiple coping strategies rather than relying on just one or two.

The speaker talked about how conversations about suicide are not easy, but they are necessary. Mr. Bhatia concluded the session by saying that with the right awareness, support, and action, we can all contribute towards building a community that fosters care, compassion, and mental well-being. Girl Up Nitara

1. Hifazat

Brief Report:

On 14th October 2024, Girl Up Nitara, a student-led society at Janki Devi Memorial College, in collaboration with Prayan NGO and with the support of Convener Ms. Alka and Co-Convener Dr. Tejaswini, hosted a significant offline event, Hifazat- Chhoti Baatein, Badi Seekh, on the occasion of International Day of the Girl Child at MCD Primary School, Birla Lanes Kamla Nagar. The session focused on safe touch and unsafe touch, aiming to raise awareness and educate young children about personal safety and boundaries.

The event began with a formal introduction outlining the session's objectives. With 50 children in attendance, the Prayan team, in collaboration with Girl Up Nitara, first assessed the children's prior knowledge on the topic. They then provided a concise explanation of safe and unsafe touch, including key precautions to take in case of inappropriate contact.

The team used play cards featuring illustrations of private body parts to explain that any touch to these areas, whether by a stranger or someone known, is considered unsafe. They guided the children on how to respond to such situations, advising them to "scream, bite, and run," or report the incident to a trusted adult. Additionally, the session highlighted that unsafe touch can come not only from strangers but also from familiar individuals, including family members.

To reinforce understanding, the boys were shown play cards depicting both safe and unsafe touch, and they were asked to identify which images represented unsafe touch. Both boys and girls were also invited to volunteer for demonstrations, enabling the team to illustrate the concepts practically while allowing the children to consolidate their learning through participation.

The children shared experiences that sparked discussions about wisely refusing water from strangers, reinforcing their understanding of personal safety and boundaries. They then moved to the play area for a role-playing activity, participating in a ball game where each child evaluated whether a given touch was safe or unsafe, enabling them to apply their knowledge in an engaging manner.

Concluding the event, the donations collected were thoughtfully assembled into 50 individual packets, which the Girl Up team distributed among the students. This final gesture served not only to provide tangible support but also to emphasise the importance of community and shared responsibility in promoting safety and well-being.
