### 6.2.3 Implementation of e-governance in areas of operation

1. Administration
2. Finance and Accounts
3. Student Admission and Support
4. Examination

#### Institutional Policy on E-Governance

JDMC aims to provide the concept of E-Governance and its implementation in college effectively. The purpose of implementing E-Governance is to enhance good governance. This helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public services in all aspects of education. The college may have various requirements that include computerization and management of processes such as registration, admission, student information, classes, timetable, transport, attendance, library, salary and expenses, examinations, performance, grades, hostels, security and reports. E-Governance solution in the Janki Devi Memorial College has radically advanced the administrative process for the better. The solution incorporates whole data and processes of an Institution into a unified system, making the process uncomplicated, well-organized and error proof. The solution is designed to make the system user-friendly, time saving and cost saving also. Many of them are flexible enough to adapt to the changing educational environment efficiently and quickly. JDMC enhances the existing capacities of the institutions to become dynamic, demand-driven, quality conscious, efficient, and forward-looking.

### Description of softwares used in e-Governance

The institution employs various softwares to manage following levels of functioning –

#### 1. Administration:

- **Employee Leave Module-** Used for entry of all types of leave like EL/CL/ML/Child Care Leave/Maternity/Paternity, Study and Duty Leave, of Teaching and Non-Teaching Staff. Leave Details (Employee wise), various Leave Details of the Employee (at a glance) are processed. Applying Leave Enhancement Rules on Mid Term and Annual Term as per the University Rules are also logged in the leave module. The employees can see the details using their login details.
- **Stock Management Module-** This module manages the various procured inventory units including damaged items and those items which are not in use. The records of laptops issued to/returned by students, various gadgets like cables, stylus pen, mics etc. which are issued to students and teachers are also maintained in the stock management module. The purchase committee and system administrator regularly update and verify information related to inventory management.

#### GeM Portal

- GeM eliminates human interface in vendor registration, order placement and payment processing, to a great extent. Being an open platform, GeM offers no entry barriers to bonafide suppliers who wish to do business with the Government. At every step, SMS and e-Mail notifications are sent to both buyer, his/her head of organisation, paying authorities as well as sellers. Online, cashless and time bound payment on GeM is facilitated through integration with PFMS and State Bank Multi Option System (SB MOPS); web-services integration is being extended to payment systems of Railways, Defence, major PSUs and State Governments. Seamless

processes and online time-bound payment, which is also mandated by the Department of Expenditure, has given confidence to the vendors and reduced their 'administrative' cost involved in pursuing officers for timely payment.

- **Quick Heal Seqrite EPS** – It provides state-of-the-art cybersecurity solutions, helps to safeguard the IT assets of the Institution, respond against cyber-attacks and comply with regulatory and compliance frameworks.
- **Licence of Microsoft Office 2010**- Licence for MS Office is procured so that faculty and students can use new features of MS office tools such as PowerPoint, Excel, Word and MS Access.
- **Licence of Microsoft Window 7 (Upgrade to 10)** - New Window 7 Operating System is acquired for speeding up the user interface using taskbar, aero interface, window search and gadgets.
- **AMC- Annual Maintenance Contract for ICT** – Computer systems, desktops, laptops, printers, scanners, networks, etc. are regularly checked and AMC is also renewed.
- **Cloud-based Accreditation and Ranking Management System (AMS)** – Entry and organisation of data and documents pertaining to the NAAC Accreditation process (AQAR and SSR) was facilitated through InPods.
- Online screening and interviews were conducted for promotion of the faculty members with more efficiency in the ICT equipped committee room. Plagiarism

testing for the professors' interviews is done through the latest software (Web based software, Turnitin with AI detection tool) provided by the university.

## 2. Finance and Accounts

- a. Financial information like details of Vendors, Vouchers, Payments, Salary, Pension, Arrears are maintained online. Internal Audit reports, External Audit reports are available online. Various G2G, G2C and G2B financial transactions are recorded efficiently in an ICT supported environment.
- b. Tenders and ordering process is gradually shifted from manual to CPPP which is recommended by the Indian Government for all types of e-procurements. Under the various consortiums of government GeM and CPPP are already interlinked for buying and ordering the products and services (including transport).
- c. The salaries of employees including examination remunerations are paid online through NEFT/RTGS in the employees accounts. Pay slips are also shared in PDF files through emails, and Tax saving forms are also shared via email by the accounts department.
- d. The payment of scholarships and all purchasing transactions are executed necessarily as cashless to maintain transparency and financial accountability in the system.
- e. Outlined below are some of the major assignments being performed digitally at the College level-
  - i. Online payment of examination and admission fees
  - ii. Pay bill preparation and management of various scholarship schemes
  - iii. All kinds of payments including salaries to staff-members, arrears
  - iv. All kinds of payments to speakers honorarium, TA etc.
  - v. Disbursement of salary slips and accounting of GPF
  - vi. Hands-on disclosure of budgetary/financial data on its web-page
  - vii. Conduct of computer awareness programmes for office-staff

- The admission of students is a completely online process that was conducted by the University of Delhi for the first time in 2020 to deal with the pandemic. The online admission since then, is administered by a centralised software that is maintained by the University.

The college employs its software for the following admission related activities-

- **Admission and Fees Module-** All types of Admission related Reports, Intake Capacity Reports.
- Disclosure of admission rules/schedule on web-page.
- Preparation and publication of admission rolls and related statistics.

### Student support

- Management of different scholarship schemes for students is done through the online portals. The records are also maintained online and shared with the various organisations providing the scholarship as required. The students are also informed about these scholarships through email, WhatsApp and the college website.

Following facilities are provided to the students to facilitate the teaching learning process.

- Wi-Fi campus and availability of internet/e-resources in the library
- Running of computer based programmes/courses
- Conduction of computer awareness/digital literacy programs for students
- ICT based teaching in smart class-rooms, and
- Maintenance of students' attendance in web-based formats
- Disclosure of students-centric information/data/materials on web-site

Above digital functions are realised online through the internet with support of ICT based infrastructure available in the College.

3. **Scanners:** There are two-Scanners for the visually challenged to facilitate scanning of Hard copy books.
4. **Demonstration of e-polling:** A demonstration for visually impaired faculty and students is organised with screen reading software in the Staff room.

**4. Examination -** The Institution manages examination related functions in a digitised manner in the following ways:

- Online registration, fee payment and issuance of admit cards
- Declaration of results on website, and
- Providing of mark-sheets in the e-form

The College administration is committed to have an automated examination system based on features of e-governance for bringing reliability & efficiency in the system and eventually to improve the quality of education.

- **Online Exam Portal**—The University provides the online portal for managing student data regarding filling up of examination forms, examination fees and issue of admit cards for examinations
- **Examination**—The invigilators' duty list has been prepared through MS Excel, and has been shared online as well.
- **Internal Assessment**—The faculty of the college conducts regular evaluation through tests and assignments to complement the online teaching-learning process. These were conducted through Google classroom, online tests and emails, and students are able to easily participate in them. The internal assessment and attendance process are fully automated and the student can view her data through the student login portal on the website.

### Planning and development

- Development of ICT based infrastructure in the College—Fully equipped recording room and video-conference facilities of the committee room were added which will help in developing lectures and E-resource material.

### About Us

*Arise! Awake! And stop not until the goal is reached*

*Swami Vivekananda*

Janki Devi Memorial College, is an A+ NAAC accredited and ISO 21001: 2018 and 9001: 2015 certified premier women's college of the University of Delhi. The Institution was founded in 1959 by the famous Gandhian Shri Brij Krishan Chandiwala in memory of his mother Smt. Janki Devi.

JDMC aims to provide quality education to young women and empower them to become economically self-reliant, have the confidence to face the vicissitudes of a challenging society, contribute meaningfully to the community at large and acquire the capability to think, lead and change the world. The focus is on providing access and resources to develop an ecosystem of research, inculcating the values and principles of Indian philosophy and culture, and instilling a sense of pride, service, duty and responsibility to the nation and society.

Warm wishes

### Feedback Mechanisms

Feedback is the essence of two-way communication. It is important for continuous improvement as it helps in understanding the strengths, weaknesses, opportunities and challenges faced by the organization. It is advantageous to the organization as well as the stakeholders as improvisations made based on the feedback received benefits all the stakeholders.

Feedback from students, employees, alumni, parents and other stakeholders inculcates a sense of ownership about the organization and makes them feel valued and responsible. Regular feedback is important across the entire organization in order to remain aligned to goals. It is part of the continuous learning process for regular improvisations to serve better.

JDMC in its mission for continuous improvement in all sectors, academic or administrative, has entrusted IQAC with the responsibility for arranging feedback responses from all stakeholders on quality in various institutional processes.

IT Infrastructure

2023-2024

ICT Enabled Teaching Learning

ICT Initiatives

**Past:** First-time Desktop computers were used by the Accounts Department in the college in the year 1999. Administrative Department in the year 2002 and Library staff in the year 2004. First Computer Lab (CL1) was established in the year 2005 for Commerce and Mathematics students in the College with 28 computer systems. It was inaugurated by Professor Shirin Rathore, then Dean College University of Delhi. Further Two computer labs were also established for Faculty of Commerce and Mathematics students. Additionally, a research room for faculty was started in the college is equipped with four computer labs, one e-resource center, ICT facilities for differently abled students, one recording room, 5 audio visual rooms, one research room and many rooms equipped with advanced audio visual facilities.

**Present:** At present most of the faculty members, administrative staff and students are using ICT facilities in the college. All the students, teachers and staff members are provided with a unique user id and password and are equipped with a fast wifi network in classrooms and administrative block. Advanced computer lab and administrative office are connected through secured LAN setup. The details of internet users are provided below:
