To ensure Quick Submit remains a reliable tool for its intended purpose of spot checking one-off papers, on December 18th, the maximum number of submissions will be reduced from 100 to 25 per instructor within a 24-hour period.

On December 30th, the Feedback Studio iPad app will be deprecated. Access to Feedback Studio will continue as usual through Turnitin.com. Our teams are actively working to deliver a fully responsive experience for the New Standard Assignment, so instructors can review and provide feedback on student work from tablets without needing a separate app.
