OBJECTIVE:-The objective of cleanliness rounds in college is to ensure that the campus environment remains clean and hygienic. This helps promote a healthy and pleasant atmosphere for students, faculty, and staff, and it also instills a sense of responsibility and ownership among the members of the college community towards maintaining the cleanliness of their surroundings. Additionally, cleanliness rounds can help identify any areas that need attention or improvement in terms of sanitation and hygiene practices.

REPORT:- This is the Yearly Cleanliness Report. As all the members are doing daily inspection of all floors, tutorial rooms, classrooms, toilets, auditorium, canteen, gcr and other places. Wherever we find any type of dirt we try to take action regarding that issue. We either call Vijay Pratap Sir or Sweepers to take actions regarding Toilets or floor cleaning or any issues regarding dirt in the college premises and for Canteen we contact canteen staff for cleaning tables.

We are doing a daily Inspection of GCR where we saw the arrangement of furniture and Cleanliness of the room. And we also warn students to not throw garbage and keep plates in the dustbin. And to maintain discipline in the GCR.

We also check Inside and outside the Canteen, and checking of GCR is done during break and after break. Two of our volunteers always keep an eye on the students who are eating in GCR and in the canteen during break time to ensure that they are following the basic cleanliness rules or not.

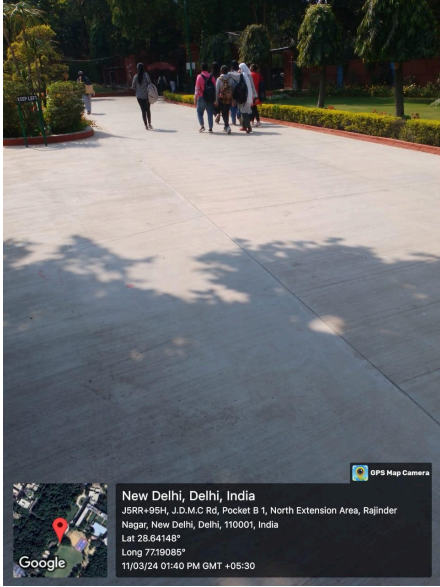

For toilets, we ensure that the toilets should be clean and tidy and should be very clean and hygienic but not everyone is serious about this. Mostly, we have to see problems regarding toilet Cleanliness. But we always try our best, we are not always available but whenever we see anything we take actions or contact with respective staff. We always try our best to take immediate action regarding the problems.

We also have a check on the lawn area, NCC ground, football ground, open gym area, etc. In Classrooms if there is some small amount of garbage thrown on floors or Inside the desks we usually clean that area and for Canteen tables also.

This week we have noticed that many of the students are eating their lunch Inside the tutorial rooms and if we point them out then they start arguing.

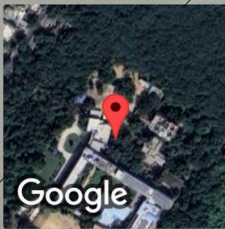

FEEDBACK:- Our relentless commitment to cleanliness duties on our college campus has yielded remarkable results. Through our efforts, we tried to transform our campus into cleanliness and hygiene. Our true dedication of maintaining pristine surroundings has not only enhanced the aesthetics of our campus but somehow has also fostered a healthier and more conducive environment for learning and growth.
