Most importantly, majority of the students (over 81%) agreed that the program has helped them evolve into a sensitive and technological sound individual capable of becoming future business leaders and managers by making them capable of dealing with dynamic business world using modern ways and means. This is an encouraging response. Majority of the students are of the view that the curriculum helped them in instilling learnability for upskilling and reskilling in future. Overall, a fairly good proportion of students agreed that the program has been designed to promote the understanding of business world and economy as a whole.

Action Taken Report

As there is always a scope for improvement, the department has decided to put emphasis in following areas:

- 1. Organising more seminars and workshops for the students for critical thinking and developing problem solving approach.**
- 2. Creating awareness of the real business world and practical work situations through industrial visits and organising sessions with industry experts. Also adopting case-based teaching can be more helpful.**
- 3. Students will be encouraged to engage themselves through Department or individually with society through various extension activities to become more aware of social problems and develop the spirit of teamwork, cooperation and solidarity.**
- 5. We will make the students cognizant of the latest developments in the field of commerce and management through a greater number of expert/professional mentoring sessions.**
- 6. Department continues to strive to offer development of pedagogical skills of the faculty.**
