Over 90% of the students agree that the program has helped them understand various systems, policy framework and strategies needed to administer the rapid changes in an organization's globally oriented environment which will help them evolve into sensitive and technologically sound future business leaders. Majority of students feel confident enough to deal with issues arising in the dynamic business world and tackling the resistances. The students have agreed the curriculum has helped instilling in them learnability for upskilling and reskilling even in later part of life.

Action Taken Report:

Department will organise more sessions and workshops on developing skill sets like critical thinking, problem solving approach for the students. Training of faculty in the latest pedagogical methods will also be conducted to enhance their skill sets. Students will be encouraged to engage themselves through the Department or individually with society through various extension activities to become more aware of social problems and develop the spirit of teamwork, cooperation and solidarity. We will also strengthen our efforts to make students more aware about the latest developments in the field of commerce and management. Possibilities of collaborations with external agencies will also be explored further.
