Elector's Verification Program (17-23 September 2019)

The EVP in Janki Devi Memorial College started from the 17th of September 2019 and continued till 23rd September 2019. The NSS volunteers conducted an extensive campaign about passing on information about the need to verify their voter I-cards and invite new voter I-card applications.

The students organised a classroom to classroom visit in order to encourage students to verify their I-cards. The non-teaching staff were also encouraged to come forwards to verify their I-cards. However, the EVP portal was not accessible always which did allow the NSS volunteers to achieve the target of 100 % verification.
