### “Constitutional Obligations”

*The strength of Constitution lies in determination of each person to defend it. Only if every citizen feels duty bound to do his share in defence, are the rights secure*

~ Albert

*Einstein*

THE DEPARTMENT OF COMMERCE, JANKI DEVI MEMORIAL COLLEGE, with immense pleasure, organised a very informative and enlightening seminar on the topic – “Sensitization of students and employees to Constitutional Obligations” by **Prof.Sushma Yadava** (Member, University Grants Commission & Ex Vice chancellor, B.P.S Mahila vishwavidyalaya) on **27<sup>th</sup> July, 2022** (Wednesday) in **Committee Room, 11 am** onwards. The session was organised for all the students and faculty members.

The session was set in motion with a warm welcome of the speaker by Team Mohur. Our honourable Principal Prof. Swati Pal thanked Prof. Yadava for her benign presence. She felicitated our Guest of the day with a Planter as a token of love and a Rudra Necklace. Our Teacher-in-Charge, Prof. Chanchal Chopra Ma’am presented the planter to our honourable Principal Ma’am. She addressed the audience advocating the importance of hardwork and dedication in our lives. She also threw light upon the significance of our rights and duties. Our Teacher-In-Charge Dr. Chanchal Chopra Mam greeted the speaker and the audience and shared her views on ‘Constitutional Obligations’ of a citizen of India. She talked about the serious issue of violence, conflicts and fragility due to which our shared prosperity is at stake. She discussed how COVID-19 has challenged the stability of countries around the globe. She concluded considering Constitutional Responsibilities important to be observed by the citizens in order to maintain the country’s sovereignty, unity and integrity.

The Speaker **Prof. Yadava** emphasized on the value of learning about our nation and its constitution and **how the nectar of the independence is hidden in the constitution**. She talked about various international crisis including **Russia- Ukraine crisis**. She focused on the need to **develop students into citizens who are proud of their nation and** heritage. After 30 years of independence, duties were introduced to install a sense of affinity, citizenship and belongingness. She reminded the students that the constitution is for us. It is a document of people’s powers.

When you know your constitutional rights, you don't have to fear the public authorities. Sensitisation gives us immeasurable power. She focused on the need to create a **SOCIALIST** (where we have to take care of all those less fortunate, their misery might increase our own misery anytime) , **SOVEREIGN** (supreme power), **SECULAR** (the state should be neutral but nowhere in the world is any state neutral. No right should be given to minority or majority) **DEMOCRATIC** (universal adult franchise) **REPUBLIC** (we have an elected space).

She gave examples to make things more clear. Our constitution is a bundle of opportunities. Students should respect it. She believes the future generations will surely have better minds. They will be rigid on principles and fundamentals but flexible in nature. Further, she moved to the goodness of the constitution - As good as the people who operate on it, as bad as the people who run it.

She talked about various constitutional obligations.

-- Obligation to defend the constitution

-- Obligation to respect and take care of your heritage and past glory

- The nations integrity, unity.
- Obedience towards the nation
- To realise what's written in the constitution

Various rights were also discussed including the right to live with dignity (but the integrity of the nation is equally important), the right against exploitation.

She concluded by insisting the audience to abide by the constitution, to uphold the integrity of nation, to encourage the noble ideas that drove the freedom struggle, to promote harmony and spirit of brotherhood, value and preserve the rich heritage, protect and improve the national environment, develop the scientific temper, humanism and spirit of enquiry, to safeguard public property and adjourn public violence.

Prof. Swati Pal also shared her insights on the importance of Myths because it gives us values and strongly emphasised that Socialism is inclusiveness, not communism.

At last the speaker addressed the audience's queries. It was really a very informative session.

FIFE Organization has launched a campaign called *Anti Swear Brigade* with the objective of educating the youth about the ill-effects of using abusive language and swear words, and its association with misogyny. As a part of the campaign, FIFE organized a seminar with Janki Devi Memorial College on **8th September, 2022** at Room Number 68 of Janki Devi Memorial College. The session offered a safe space where everyone was seen, heard and understood.

The session included informative videos, presentations, group work, case studies, and some fun games. In the age, where the cuss words are becoming the new cool, the session highlighted the wrong behind it. It helped the students to recognize how cuss words are not just words to vent anger. The abusive language has a deeper, misogynistic correspondence. The session helped to sensitize the participants. The FIFE’s Anti Swear Campaign strives to make people aware about the language we use, the meaning and origins of the cuss words, and how misogynist and demeaning these words are. The event was a great learning experience.
