

2020-21

LUMIERE- The Film and Photography Club

Convenors: Dr. Saumya Gupta, Dr. Antara Datta and Ms. Tannu Sharma

Photographs by members of Lumière, the film and photography club of JDMC, were featured extensively in Annual Report 2019-20.

Lumière successfully completed its annual schedule of events, including online workshops on Zoom as well as live sessions on Instagram.

Various **training sessions** were led by renowned and award-winning photo artists like **Mr. Sharbendu De**, a Lumière fellow traveller and **Chetan Sharma**, an

emerging social media visual artist. In the month of January, Lumière held its post lockdown photo-walk in Lodhi Gardens.

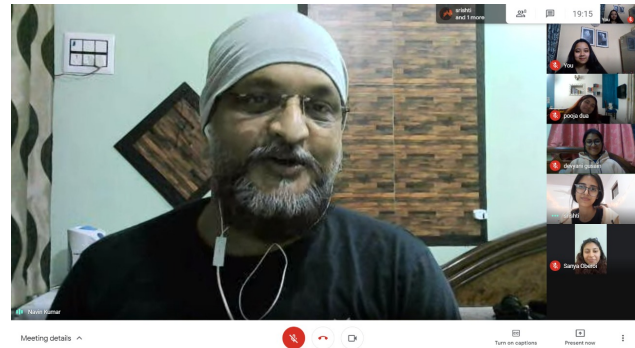

Lumière published its first ever monthly newsletter '**Lumière bulletin**' in the month of October, and has been publishing it every month with monthly themes and topics. Four

online movies screenings under the ‘weekend screening series’ were conducted by the society.

Lumière launched its own webpage www.lumierejdm.com

Lumière successfully held five online competitions during symphony 2021 and received an overwhelming response and participation from across the country. It invited **Debjit Banerjee and Navin Vatsa, extremely renowned photographers**, as the guest judges and speakers for symphony 2021. The society is currently working on a film, discussing various issues faced by women.

The members of Lumière won nine first positions, six second positions, two third prizes and 1 honourable mention over the year. Our student-artists have been featured in various magazines and platforms, for which we congratulate them.
