

## **WDC Events 2018 - 2019**

### **Anniversary Celebration of National Commission for Women**

Dr. Ruplekha Khullar and Dr. Rajyalakshmi Rama were invited along with 30 students of JDMC from various disciplines to attend the Anniversary celebration of the National Commission for Women on 31 January 2019 at the India Habitat Centre, New Delhi.

The highlight of the event was the narrating of their personal stories by three young women entrepreneurs of India who started from very modest beginnings and went on eventually to achieve their lofty dreams and gain immense success.

Revathi Kulkarni Roy, the CEO and Co-founder of Hey Deedee, India's first all-women instant parcel delivery service; Kanika Tekriwal, a cancer survivor, founded 'Jet Set Go', India's first marketplace for chartered jets and helicopters; and award winning journalist, Shaili Chopra, started up 'She the People' in 2015 as an initiative to bring to viewers digital views and news focused purely on women as entrepreneurs, feminists, mothers, doctors, artists, leaders, activists, homemakers and others who shatter glass ceilings in every sphere of life.

These narratives left a lasting impression on the minds of our students.
